READ :—

Report on the working of the Indian Companies Act X of 1866, in Mysore, for the year 1891-95.

No. 2056—J. 233, DATED BANGALORE, 8TH AUGUST 1895.

ORDER THEREON.—At the close of the year 1893-94 there were eighty-nine Companies or Associations working with a nominal capital of Rs. 45,13, 687. Of these five were brought under liquidation, and a sixth ceased to exist before commencing operations ; while nine Companies or Associations, with an aggregate nominal capital of Rs. 2,56,605 were newly registered. The number of working Companies on the Register at the end of the year under report was therefore ninety-two with nominal and paid up capitals of Rs. 43,40,292 and Rs. 25,66,742 respectively, as against eighty-nine Companies with nominal and paid up capitals of Rs. 45,13,687 and Rs. 27,27,404, respectively, in the previous year.

2. Of the aforesaid ninety-two Companies, eighty were banking and loan Companies, three banking and insurance Companies, and the rest trading or other Companies.

3. Thirty-two Companies (or nearly 30 percent) were located at Mysore, ten at Bangalore, twelve at Chikballapur, and the rest were scattered throughout Province.

4 Eight Companies are reported to have increased their capital from Rs. 2,50,000 to Rs. 3,80,000 against four in the previous year.

5. The number of documents registered and filed during the year were 276 against 242 in the previous year; and the receipts from fees, &c., were Rs. 1,011-8-0 against Rs. 1,040 in the previous year.

6. On the whole the result of the working of the Companies Act during the period under review may be considered satisfactory. There were no prosecutions for breach of the provisions of the Act.

Order of the Government No. 35-68—J. 2, dated 1st July 1895, laying down certain instructions for reporting to the Government cases of infant marriage under Regulation X of 1894.

No. 2501-10—J. 280, DATED, BANGALORE, 19TH AUGUST 1895.

ORDER THEREON.—As under the above Regulation cases of infant marriage have to be tried by the District Magistrates the Government consider it desirable that the preliminary proceedings under the said Regulation should be initiated and conducted by the Police under the direction of the Inspector General of Police, who will report each case for the orders of Government whenever sanction for prosecution is applied for under Section 8. Informations received by the District Officers should be made over to the Police Officers for enquiry and needful action, so that District Magistrates may be free to conduct the trials in their own Courts.

Letter No. 543—41, dated 7th August 1895, from the Inspector General of Police in Mysore, to the General Secretary to the Government of Mysore.

In forwarding herewith for the information of Government an extract from the diary of the Assistant Superintendent of Police, Tumkur, for the week ending 27th July 1895, bringing to notice the cruel way in which bullocks are treated by the grain merchants of Tumkur, I have the honor to state that Regulation No. I of 1895, a Regulation for the Prevention of Cruelty to Animals, is applicable only to the City of Bangalore, and it may, I think, with advantage, be extended to the Mysore City and all the District head-quarter towns in the Province.

Extract from the diary of the Assistant Superintendent of Police, Tumkur District, for the week ending 27th July 1895.

* * *

Wednesday 24th. Attended office and disposed of routine work, &c. A gentleman of Tumkur asked me to-day if nothing could be done to put a stop to the cruel way in which the teams of bullocks belonging to certain grain merchants of this place are treated in conveying the grain to the Railway Station. Each team is made to draw from 35 to 40 sacks of grain, weighing between 90 and 100 maunds, and not the least mercy is shown them. I was informed that one bullock fell down under its load this morning and was in consequence set upon by four men with sticks, who beat it severely, it being quite unable to get up. My informant tells me that he eventually went to the men and compelled them to remove some of the sacks from the waggon after which the poor beast was able to get up. This, I am told, is an every-day occurrence.

I have myself seen the bullocks straining up the station hill under enormous loads and afterwards raced back to the town as fast as they can go. They have to work, moreover, from before sunrise till after sunset.

It seems a pity that the Act for the Prevention of Cruelty to Animals is not in force all over the Province; otherwise I don't see what can be done to prevent cruelty of this sort.

No. 2624-32—J. 294, DATED, BANGALORE, 20TH AUGUST 1895.

ORDER THEREON.—The Government approve of the suggestion made in the foregoing letter, and direct the publication, in the Mysore Gazette, of the following notification :—

Notification.

Under the provisions of Section 1, Clause 2 of Regulation No. I of 1895, entitled a Regulation for the Prevention of Cruelty to Animals, the Government of Mysore are pleased to extend, on and from 1st January 1896, the whole of he said Regulation to the following head-quarter towns :—

1. Mysore.
2. Shimoga.
3. Tumkur.
4. Kolar.
5. Chikmagalur.
6. Hassan.
7. Chitaldrug.

Letter from the Chief Engineer with its enclosure No. 2144, dated 29th May 1895 :—

With reference to Government Order No. 17474-82—L. F 379-92 of 17th April 1895, desiring my opinion, as well as that of the Deputy Commissioners, on the proposal to entertain a temporary Taluk Mestri for each Taluk in connection with Local Fund and Municipal works, I have the honor to state that my views as regards the execution of such petty works are embodied in my departmental Circular No. 81 of 20th July 1886 (copy enclosed for ready reference).

(2) I believe that such trivial works and repairs as those referred to can be fairly dealt with through the agency of the private Mestris and Artisans of the country, if only the members of Local Fund Boards and Municipalities can be induced to take an intelligent and practical interest in the matter. Local Fund and Municipal Committees do not, or ought not to, exist, simply to discuss projects and budgets, and allot available Local Funds to different purposes. They were called into being, I imagine, for something more than that ; and I cannot but suppose that amongst these Committees a sufficiently public-spirited member cannot be found in each local centre or municipality to take the responsibility of seeing that an ordinary well, a drinking katte, a Chavadi, or a small sanitary work, is properly built and not unfairly charged for by a village contractor or Mestri.

(3) The Deputy Commissioners can have little faith in the Boards they preside over, when they seek to supplement the power and willingness of those Boards by the agency of Taluk Mestris on Rs. 15.10. or 12 a month, and believe that such assistance will effect economy and prompt and effective execution.

(4) Let each central District Board let out periodically, on a regular schedule of rates, to one or more selected petty contractors *all* their petty works of the character referred to, not coming under professional Public Works Department agency, and let each member, in his own local circle, take it upon himself to see that the few and small works falling within his circle are fairly and quickly carried out by such contractor. Some such arrangement as this would foster a spirit of corporate independence and interest in the public welfare, which the entertainment of more permanent small officials for the pettiest of jobs, at the beck of Amildars and other Taluk employes, must, in my opinion, go far to strangle.

Mysore Chief Engineer's Circular No. 81, dated Bangalore 20th July 1886.

CIRCULAR MEMORANDUM.

From the 1st August 1886, the petty construction (not including addition to or alterations of existing building) and repair of all Police and Revenue buildings, up to a limit of Rs. 250, will be entrusted to the establishments under the orders of the Deputy Commissioners, and the responsibility for the due preservation and maintenance of the same will cease to rest with the officers and subordinates of the Public Works Department,

2. Work of this petty character, up to the limit specified, can, it is believed, be satisfactorily carried out, without the intervention of professional agency. To their private dwellings and property, Taluk officials of all classes have such work and repairs executed to their own satisfaction ; they are in a position to procure Mestri contractors or village artisans for job works of the kind for themselves, and they are competent to pronounce whether the trivial work so done is properly done or not, when their own interests are concerned ; they do not call in the assistance of a professional Mestri to frame estimates or prepare and pass bills—the men they employ for the job do that—and there is no reason why they cannot do the same in con[illegible]

Government buildings they occupy or work in daily. Such being the case, Amildars should have no difficulty in compelling Government servants under their orders to arrange for small works and repairs of the character indicated, paying for the same on bills, prepared by the contractor or job-worker and certified to by the official concerned.

3. For this purpose, lump sums under the several heads of service will now be placed at the entire disposal of the Deputy Commissioner of each District, who will distribute the same to the several Amildars in the proportion he thinks proper and in the form of an imprest. This imprest will be recouped periodically, and the imprest sheet will be the only form of account to be kept by the Amildar, who will simply attach thereto bills in the vernacular as vouchers for the outlay incurred, the correctness of these bills being certified to by a responsible official. Detailed measurements need not be taken nor recorded.

4. As regards the accounts to be rendered by the Deputy Commissioners to the Comptroller, further instructions will issue. This estimates, which will be sanctioned by the Deputy Commissioner, will be in the simple form of a requisition, copies of which to meet immediate requirements will now be supplied. For each District, a temporary Mutsaddi on Rs. 15 a month to keep the accounts, correspondence, and records is now sanctioned.

5. The foregoing rules apply also to the petty construction and repair of all Educational and Anche buildings, but as regards Educational buildings the required repairs must be done by the various School Masters under the directions of the Educational Secretary within the following money limits, namely, Rs. 250 for the Central College, Rs. 100 for each District High School, and Rs. 30 for each Taluk School. The petty construction and repair of Anche buildings must be carried out by the Anche Bakshi through the various Anche Inspectors and Mutsaddis. For this purpose lump sums will be placed at the disposal of the Educational Secretary and Anche Bakshi, who will distribute the same accordingly to actual need to the various officers of their respective departments and be guided by the rules prescribed on this behalf for Amildars.

6. This measure is experimental. The Deputy Commissioners, the Educational Secretary and Anche Bakshi, will, at the end of the official year, report as to its working, propose any modifications that may facilitate the work and secure efficiency, and recommend its being permanently established or discontinued. Where work is estimated in opinion of the official framing a requition, to cost more than Rs. 250, the fact should be reported to the Public Works Sub-Divisional officer, whose duty it will then be to take up the work.

No. 2101-12—L. F. 379-92, DATED, BANGALORE, 12TH AUGUST 1895.

ORDER THEREON.—By the Government Proceedings dated 14th December 1894, No. 9877-85—R. 1489, the employment of Tank Inspectors and Sub-Overseers was restricted to tank works, and the use of their services by Revenue Department on Municipal and Local Fund works undertaken by it was prohibited. The Deputy Commissioner of Mysore, thereupon, proposed in April 1895, the employment of Mestris on Rs. 15,12 or 10 a month for each Taluk. The opinions of the Deputy Commissioners of the remaining Districts and of the Chief Engineer were invited on the subject, and their replies read above have been duly considered.

2. There is much force in the suggestion of Col. Bowen. If the principle of local self-government is to be expanded usefully and developed, the co-operation of the non-official members of local bodies is necessary in supervising the execution of small Public Works of local interest, requiring no professional skill, undertaken departmentally in their respective ranges. The Deputy Commissioners of Districts are requested to give a fair trial wherever possible to the system suggested in Para 4 of the Chief Engineer's letter read above tentatively and report the result to Government at the end of the official year.

Letter from the President of the District Fund Board, Tumkur District, No. 132, dated 3rd August 1895.

With reference to Government order No. 14562-3—L. F. 71-94 of the 14th March 1895, sanctioning the revision of the establishment of the 3rd class Travellers' Bungalos and Musafarkhanas in this District, I beg to state that by mistake, the buildings at Kibbanahalli and Banasandra were shown as 3rd class Travellers' Bungalos instead of as Musafarkhanas in the list submitted with this office letter No. 484 of the 4th December 1894. I therefore solicit that both these buildings may be kindly transferred from "I, 3rd class Travellers' Bungalos" to "II, Musafarkhanas" in the statement appended to the order under reference.

No. 2266-7—L. F. 71-94, DATED, BANGALORE, 15TH AUGUST 1895.

ORDER THEREON.—The proposed transfer is approved.

Letter from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, *dated 1st August 1895, No. 409.*

I have the honor to report that all the Taluks in the Province are now supplied with midwives or have women under training for those that are vacant, except two in the Hassan District, for which no provision has been made in this year's budget and one in Tumkur regarding which latter the Deputy Commissioner will address Government.

2. I have written to the Deputy Commissioner of Hassan, requesting him to ask for sanction for a re-appropriation of funds to enable him to entertain two qualified midwives if they can be obtained soon, or if not, to stipend two women to be trained, but I have not yet received his reply.

3. I would suggest that as all the Taluks and Sub-Taluks will be very soon supplied with midwives, the Deputy Commissioners may be authorized to take on an extra one for each District as a relieving midwife to take the duties of any who may be absent on leave or on account of illness.

4. When not on relieving duty, the extra midwife could be employed at the District head-quarters.

5. As the Hassan and Kadur Districts are small, probably one relieving midwife, who might have Chikmagalur as her head-quarters, would suffice for both.

6. I presume the pay of these relieving midwives, if sanctioned, would, as their services would be available for all the Taluks equally, be paid out of District Funds General, the pay of the one for Hassan and Kadur being borne jointly by both these Districts.

No. 2066-74—L. F. 55-93, DATED, BANGALORE, 12TH AUGUST 1895.

ORDER THEREON.—The above is communicated to the Deputy Commissioners of Districts for their opinion with regard to the suggestions contained in paras 3, 4, 5 and 6 thereof.

(2) It should be stated in what proportions the Deputy Commissioners would propose to debit the salary and allowance of the relieving midwife to the District and Municipal Funds.

Proceedings of the Government of Mysore,

READ:—

Letter dated 6th June 1895, No. 1387, from the Deputy Commissioner of the Mysore District submitting the Budget Estimates of the Municipalities of the French Rocks Sub-Division for 1895-96.

No. 1748-53—L. F. 168-94, DATED, BANGALORE, 3RD AUGUST 1895.

ORDER THEREON.—The Government regret to observe that there has been considerable delay in the submission of these Budgets in spite of the warnings issued year after year. The Budgets were due on 1st April 1895, but were not received in the Government office till more than two months after the expiration of the due date. Moreover the Budget statements have not been prepared in accordance with the instructions contained in official memo dated 6th December 1889, No. 6861-70—157, and an unnecessarily voluminous memo is submitted to explain the variations in the estimates, which could have been best done by the insertion of a brief note against each variation in the column of remarks. The Deputy Commissioner is requested to enforce accuracy of preparation and punctuality in submission of these important returns.

2. The estimated receipts, expenditure and balance of the several Municipalities of the Sub-Division are given in the following abstract statement: —

No.	Municipalities.	Opening balance.	Receipts.	Total including balance.	Expenditure.	Closing balance.
1	Seringapatam	9,520	14,864	24,384	10,787	13,597

RECEIPTS.

3. *I Octroi.*—Under the sub-head "tobacco" no probable collections were expected in the second half of the year 1894-95, though a sum of Rs. 174 was collected in the first half. Pending explanation as to why no revenue is expected for six months from tobacco, the estimate proposed (Rs. 250) will stand. Under all other articles subject to octroi duty, differences between the sanctioned estimates for 1894-95 and the actual collections of the first half of the same year are entered in column 5 of the Budget statement No. I of the Seringapatam Municipality, as the probable collections of the second half of the year, contrary to the standing orders in official memo dated 8th December 1889, No. 6861-70—157, which require the collections of the corresponding period of the previous year (1893-94) to be taken as the probable receipts of the following year (1894-95) in which the budget estimates were prepared. The proposed estimates based upon wrong data cannot be accepted. They will be modified with reference to the actuals of 1893-94 as shown in the margin.

4. *II Tax on Houses and VII Mohatarfa.*—The increase under these heads in the Budget of the Seringapatam Municipality is due to the estimates having been based upon the jamabandi settlement. The cause of the large decrease under "cart tax" in Malvalli should have been explained. The estimates will, however, stand.

EXPENDITURE.

5. *II Head Office.*—Under the sub-head "contingencies and travelling allowances" the provision has been raised from Rs. 124 to 184, and the increase, Rs. 60, will be struck out, as no reasons are assigned therefor.

On account of the contribution towards the salaries of clerks in the District office, the sanctioned estimate for 1894-95 is repeated in the present budget, while Rs. 189 has to be provided on this account as proposed in the Deputy Commissioner's memo submitted with his No. 1395, dated 8th June 1895. The latter figures will accordingly be adopted. The total amount to be provided under Head Office is Rs. 816, which will be distributed among the various Municipalties as shown below:—

6. *III Collection.*—Provisions are newly made in the present budgets on account of commission payable for the collection of House and Mohatarfa taxes at two per cent. The Deputy Commissioner is requested to state whether Mohatarfa collections were not taken into account in fixing the pakka potigi allowances to village establishments, and if so, why any percentage remuneration should be paid for the collections of these taxes. Pending information, the estimate will stand, but no expenditure should be incurred till the issue of final orders.

7. *VII Lighting.*—The number of lamps in Melkote is proposed to be raised from eight to ten, and the Municipal Boards at Maddur and Malvalli recommend the introduction of lighting into their respective Municipalities during 1895-96. This accounts for the increase in the estimates, which are accordingly passed.

8. *VIII Public Works.*—As more funds are available by the relief of Town Police charges of Seringapatam and by the transfer of the Government moiety of House and Mohatarfa taxes to all other Municipalities, due provisions have been made for useful sanitary works. The estimates are approved.

9. *IX Charitable Grants.*—In the budgets of Malvalli and Nagamangala, contributions towards the cost of midwives were raised from Rs. 68 and 67 respectively to Rs. 90 each, in view to meet a moiety of the salary of a midwife appointed in October 1894 to each Taluk. These increased estimates are passed. As there is only one midwife in the Seringapatam Taluk, the Deputy Commissioner is requested to state why Rs. 120 is entered in the budgets of the marginally noted Municipalities towards the cost of her salary, while under Proceedings dated 18th March 1895, No. 15007-16—L. F. 55-93, the salary payable to her is Rs. 15 per mensem and the contribution payable by the Municipalities in a year is only Rs. 90. The proposed estimate will however stand pending explanation.

10. *Native Pandits.*—The provisions made in the budgets of Seringapatam and Melkote will be retained, subject to the submission of detailed information as to whether registers and nominal muster rolls of cholera patients referred to in the Sub-Division officer's No. 524, dated 24th November 1894 to the address of the Deputy Commissioner of Mysore, are maintained and certified to by the Vice-President as therein stated.

11. *XI Miscellaneous (h) other items.*—Sums ranging from Rs. 50 to 9 inserted in all the budgets under this head to meet unforeseen charges are allowed to remain on the understanding that no expenditure is incurred therefrom without special sanction.

12. The other items of receipts and charges, which call for no special remarks, are accepted.

13. The budget estimates of income and expenditure of the several Municipalities of the French Rocks Sub-Division for 1895-96 are shown in the appended statements A, B, and C, of which an abstract is given below:—

Order of the Government No. 16404-5—L. F. 233-92, dated 5th April 1895, approving the Resolution of the City Municipal Board permitting the making and burning of bricks in the bed of the Sampigehalli tank, Bangalore City.

No. 1746-7—L.F. 233-92, DATED, BANGALORE, 3RD AUGUST 1895.

ORDER THEREON.—The order of Government read above was passed on the assumption that the bed of the Sampigehalli tank vested in the Municipal Board under the provisions of Section 164 of the Municipal Regulations.

2. On an examination of the Government records, it now appears that the bed of the tank does not vest in the Board absolutely. Although its grazing is farmed out annually for the benefit of the Municipality, yet the Government have reserved to themselves certain rights over the bed, which lies, moreover, within the area in which the Government have prohibited the erection of any buildings, extensive excavation, &c., without their sanction under the orders quoted in the margin.

Chief Commissioner's Notification No. 13, dated 23rd April 1868, and No. 188, dated 24th October 1872. The Government Order No. 767-8—R. F. 55-92, dated 2nd July 1892.

3. Upon these grounds, and in the interests of the public, the Government are pleased to withdraw the aforesaid order of the 5th April last, and to direct that the Municipality should not permit the excavation of earth, &c., in the bed, or its injury or disfigurement in any other manner.

V. N. NARASIMMIYENGAR,
General Secretary.

To—The President, City Municipal Corporation, Bangalore.
The Deputy Commissioner, Bangalore District.

READ :—

Letter dated 7th August 1895, No. 81, from the President of the Mysore city Municipality.

1. With reference to Government order No. 24514-8—L. F. 173-94, dated the 27th June 1895, sanctioning the Budget Estimate of the Mysore city Municipality for the year 1895-96 and calling for report on certain points, I beg to submit as follows :—

2. Para 4 of Government order :—

The rent levied for the use of the Rangacharlu's Memorial Hall amounted to Rs. 1,045 in 1894-95, and that sum was credited to the head "C. Houses."

3. Para 5 of Government order :—

The levy of fee for the Municipal sweepings removed at one anna per cart was experimentally tried only in the Fort Division. The Conservancy Overseer or his peon issues passes and recovers the amount from the cartmen. The total receipt amounted to Rs. 40 in the year 1894-95. The Municipal carts are utilized only for removing the debris and other useless rubbish which are not cared for as manure. Besides this, night-soil, the manure of the cartstand and of the slaughter house are sold separately. Therefore a sum of Rs. 200 was provided under the head "Manure."

4. Para 7 of Government order :—

Out of the provision of Rs. 360 made last year for furniture, badges, belts and clothing for peons, only Rs. 198 were spent last year for want of proper workmen. Therefore the same amount of Rs. 360 was provided in the current year's budget.

5. Para 8 of Government order :—

During the last year, the expenditure on account of numbering houses was only Rs. 10 against the provision of Rs. 400, as the work was postponed to collect all the necessary information for re numbering houses. This work has to be done now, and so the same, Rs. 400, will be required. It will be provided for in the Supplemental Budget. Rs. 150 only is now provided for, but not Rs. 250 as noted in the order. Nothing is wanted this year for the purchase of cow pipes. The amount of Rs. 500 referred to was simply entered to show what had been provided for in the previous year.

6. Para 11 of Government order :—

As the distribution of water-supply has since been extended to Chamrajpura, Kamai Gaudan Koppal and the weavers' village, the amount now provided for cannot be reduced, but on the contrary some addition has to be made as an extra cleaner on Rs. 5 a month will have to be entertained.

No. 2450-1—L. F. 173-94, DATED, BANGALORE, 20TH AUGUST 1895.

ORDER THEREON. - *VIII. Rents.*—If the rents realized from the Rangacharlu Memorial Hall amounted to Rs. 1,045 in 1894-95, it is not clear why the provision for 1894-95 or for 1895-96 has been reduced to Rs. 800. The President is there-

fore requested to state the details of receipts under this item and to report whether the provision should not be raised, and if so, by what amount.

2. *XI. Miscellaneous.*—The estimate under "Sale of manure" will be raised from Rs. 100 to Rs 200.

3. The other explanations now submitted are accepted.

V. N. NARASIMMIYENGAR,
General Secretary.

To—The President of the Mysore City Municipality.
The Comptroller.

The expenditure of Rs. 25-10-5 incurred in the Municipality of Kadur on account of commission paid to the Sayer Manegar for collection of octroi during 1891-92 is allowed.

Para of Govt. Progs. 3 — Para of Dy. Comr's letter. 5 & 6.

Two sites in the Tarikere Municipality sold to one Kallaiya for Rs. 21 were resumed by the Municipality under order of the Government, dated 5th May 1890, No. 1020—36, and the purchaser refused to receive the refund of the sum remitted by postal money order on the ground that the sites were not necessarily required for the market. The Deputy Commissioner solicits orders in regard to this item, which is held in deposit at present. The Deputy Commissioner is accordingly authorized to credit the amount to the Municipal Funds, if the sites are in the occupation of the Municipality, and the purchaser, even after due notice, persists in his refusal to accept the refund.

READ:—

Letter No. 5144—1575, dated 29th June 1895, from the Deputy Commissioner, Kolar District, submitting as required in para 32 of Government Proceedings No. 13051-65—R. F. 236-92, dated 5th February 1894, a statement showing the Land Revenue arrears outstanding against each village up to the year 1887-88.

No. 1581-8—R. 576, DATED, BANGALORE, 6TH AUGUST 1895.

ORDER THEREON.—The statement submitted with the letter read above shows that there are no arrears of Land Revenue up to the year 1887-88 in the Taluks of Mulbagal and Malur and in the Sub-Taluk of Gudibanda. The arrears outstanding in the other Taluks amount to Rs. 11,775-4-2, the heaviest balance being in the Goribidnur Taluk, *viz.*, Rs. 4,096. The table hereunder given, which has been compiled in this office, exhibits talukwar and salwar details of the arrears. The total arrears against the Kolar and Bowringpet Taluks include Rs. 12-14-4 and Rs. 1,640-0-9, respectively, being the kandayam of lands given out for mining purposes.

2. It is observed that in some cases the amounts remitted have been shown as arrears outstanding. Such figures should have been excluded, and the net balance alone exhibited in the statement. In several cases in which small sums are involved the arrear is repeated year after year, thus showing that it is due from a particular individual or individuals. It is not apparent why such small sums, if recoverable, have not been recovered for such a long time, and, if irrecoverable, why they have not been recommended for remission up to date. In the villages named in the margin the arrears are remarkably heavy. The reason for allowing such large balances to fall in arrears for several years is also not stated.

3. The Deputy Commissioner is now requested to submit at an early date a remission statement for such of the amounts as are irrecoverable, with details as to the necessity for remission in each case, and to adopt very early measures for the recovery of sums which are recoverable.

Letter No. 73, dated 23rd July 1895, from the Deputy Commissioner of the Kadur District.

No. 1758-65—R. 659, DATED, BANGALORE, 10TH AUGUST 1895.

ORDER THEREON.—In the above letter the Deputy Commissioner reports that Survey No. 1 of the Durgadahalli village, in the Mudgere Taluk, was sold for arrears of revenue due thereon by Kalappagauda, and that it was purchased for Rs. 150 by one Putteganda, who paid immediately after the sale Rs. 37-8-0, being ¼th of the purchase money, and remitted a further sum of Rs. 47-8-0 by means of a money order which reached the Taluk Treasury on the 15th January 1895. The full amount of the purchase money not having been paid within the prescribed time, the land was re-sold, with the result that it was bought by one Mudappagauda for Rs. 118, or Rs. 32 less than the amount realized at the first sale. The Deputy Commissioner solicits instructions as to whether the difference between the amounts realized at the first and second sales, *viz.*, Rs. 32, should be recovered from the first purchaser in addition to the deposit amount forfeited to Government, and states that Section 182 of the Land Revenue Code is not clear on the point.

Coffee.	Extent.		Assessment.		
	A.	G.	Rs.	a.	p.
	6	19	6	8	0

2. Government observe that Sections 181 and 182 of the Land Revenue Code contemplate two different stages, and it is only after the deposit made by the purchaser at the first sale is forfeited that a second sale should be ordered. If at such second sale there should be any deficiency, the same must be made good by the first purchaser under Section 182 without reference to the deposit already forfeited under Section 181. The forfeiture of the deposit is independent of the liability to pay the deficiency and cannot be taken into account in fixing such liability.

3. The Deputy Commissioner is accordingly requested to recover the difference of Rs. 32 from the first purchaser Putteganda.

Letter No. 39, dated the 31st July 1895, from the State Geologist, submitting, with reference to Government Proceedings No. 14952-60—R. F. 175-92, dated 14th March 1895, the following memorandum containing his views on the working of Corundum or Kuranga stone in Mysore.

Memorandum on Corundum or Kuranga stone.

As far as at present known, the quantity of Corundum in Mysore seems too small to make it profitable to collect this mineral departmentally. Until, therefore, greater knowledge of the mode of occurrence and distribution of the mineral has been gained by the extension of the detailed work of the Geological Survey over the country, I would recommend :—

(1) That licenses to collect it, whether from the surface or by excavation, be granted for the term of one year, or less, on payment of a royalty of Rs. 5 per ton.

(2) A separate license to be taken out for each "Hobli" in any Taluk in which it is intended to collect the mineral. Each license to cost Rs. 25.

(3) The Corundum collected to be stored at the several sites (where procured on the surface or raised from pits) till passed by a Taluk official to be appointed for that purpose, and such official to obtain full particulars of the works and of the quantity and nature of Corundum procured, whether by surface collecting or mining, and furnish such statistics to the Deputy Commissioner quarterly for transmission to this office for record.

(4) That all fresh discoveries of Corundum yielding localities be reported to this Department.

No. 1995-2003—R. F. 175-92, DATED, BANGALORE, 16TH AUGUST 1895.

ORDER THEREON.—Government has already ordered in their Proceedings No. 1058-68—R. F. 175-92, dated 22nd July 1895, that the sale of the right of collecting Kuranga stone for 1895-96 should be held as usual, subject to the issue of licenses before removal and to the collection of statistics as to its quan-

tity, &c. In view, however, to the introduction of a better system in future years, Mr. L. Ricketts (Inspector General of Forests and Plantations) and the Deputy Commissioners of Districts are requested to favor the Government with their views on the suggestions now made by the State Geologist in his memorandum.

2. *Land Revenue.*—The uncollected balance for the current year in the Shimoga and Kolar Districts is very large. The Deputy Commissioner of Shimoga reports that the heavy balance was due chiefly to the prevalence of cholera in the Shimoga, Channagiri and Shikarpur Taluks, and that strict orders have been issued for the early recovery of the arrears. The Deputy Commissioner of Kolar gives no explanation, and his attention is drawn to para 6 of Government Order No. 174-81—Rev. 10, dated 2nd July 1895.

3. *Sayer.*—In Shimoga and Kadur, the balances are heavy, and the Deputy Commissioners are requested to adopt early measures for the recovery of the same.

4. *Mohatarfa.*—The attention of the Deputy Commissioners of Kolar, Mysore, Bangalore and Shimoga is again drawn to the large sums remaining uncollected under this head.

5. *Miscellaneous.*—The balance of Rs. 10,997 in the Shimoga District calls for early action on the part of the Deputy Commissioner.

C. SREENIVASIENGAR,
Revenue Secretary.

To—The Deputy Commissioners of Districts.

Exd.—H.A.R.

Read the following letter, No. 41, dated the 10th September 1894, from Mr. B. G. Krishniengar, Sub-Division Officer on special duty.

With reference to your letter No. 1632—R. 182, dated 25th July 1894, I have the honor to submit a brief account of the working of this office during 1893-94.

2. *Loans sanctioned.*—During the year under report, Rs. 42,135 were sanctioned for the excavation of 134 fresh Irrigation Wells as against Rs. 49,050 sanctioned for 171 wells in 1892-93. Thus including the amounts sanctioned in 1891-92, Rs. 3,70,193 were in all sanctioned for the construction of 1,747 wells since the introduction of the scheme. The following table shows the number of wells for which advances were sanctioned in each of the Districts.

No.	District.	Number of wells.			
		1891-92.	1892-93.	1893-94.	Total.
		Rs.	Rs.	Rs.	Rs.

4	Bangalore	220	48	43	311
5	Shimoga	26	...	...	26
	Total ...	1,112	171	134	1,747

3. *Cause for decrease.*—It will be observed from the above statement that more wells were sanctioned in 1891-92 than in 1892-93 or in 1893-94. The decrease in the number of wells during the last two years is chiefly attributable to the fact that the demand in the first year was great partly owing to the novelty of the scheme and partly to the then existence of drought, and that advances were given for the excavation of wells in wet and garden lands, which was subsequently prohibited,. *Vide* Government Proceedings No. 4110-8—67, dated 5th June 1892. The demand for loans to excavate wells in such lands did not however cease with it. Applications are daily being received, and their grant is strongly recommended by several Amildars, and I have accordingly made a reference, (No. 108, dated 4th April 1894) to Government on the subject.

4. *Amounts advanced.*—Out of the amounts sanctioned during 1893-94, Rs. 20,747-8-0 were advanced for the excavation of 134 wells as against Rs. 29,280 advanced for 171 wells in the year previous. The total amount of the cheques issued for advances up to date comes up to Rs. 2,67,254-8-0 for the construction of 1,747 wells. The following Districtwar statement shows the number of wells for which advances were made in different years.

5. *Wells completed.*—The number of wells completed during the year under report was 385 as against 194 completed during 1892-93. No wells were completed during 1891-92, as most of the loans were sanctioned and advances made during the latter part of the year. Thus 579 wells, or nearly one-third, have in all been completed out of 1,747 wells, for which loans were sanctioned since the com-

mencement of the scheme. Out of this number, final loan orders were issued in 347 cases involving a loan of Rs. 66,542-8-0, and 232 loan orders remain to be issued on receipt of detailed information from the respective Taluks.

6. The following table shows the Talukwar distribution of wells for which loans were sanctioned in each of the years 1891-92, 92-93 and 93-94 together with those completed :—

7. The above statement shows that more than half the number of wells have been completed in the Taluks of Jagalur, Bangalore, Challakere, Nelamangala, Dodballapur, Hoskote and Molakalmuru, their percentages being 73, 67, 63, 56, 54, 53 and 52 respectively, and this favorable result is principally due to the special interest evinced in this work by the several Amildars, among whom Krishna Rao of Jagalur and J. Srinivas Rao of Challakere stand foremost.

8. The following Taluks have done fairly well, though they, especially Pavagada and Goribidnur, might have shown much better results. The percentage of the number of completed wells in these Taluks ranges between 25 and 50 per centum :—

Tumkur, Sira, Maddagiri, Koratagere, Pavagada, Goribidnur, Chikballapur, Devanhalli, Closepet and Channagiri. The last two however had the fewest wells sanctioned.

9. So far as their work can be judged by the proportion of the number of completed wells to those sanctioned in their respective Taluks, the Amildars of Chitaldrug, Hiriyur, Davangere, Gubbi, Kolar, Bowringpet, Bagepalli, Chintamani, Srinivaspur, Malur and Mulbagal do not show themselves to any advantage, although some of them have shown a large number of wells as being half or three-fourths completed. At Malur especially, only two wells have been completed out of 70, and this shows that the Amildar did not pay the necessary attention to this important department under him.

10. No wells have at all been completed in the Taluks of Holalkere, Harihar, Gudibanda, Sidlaghatta and Anekal and this does not speak favorably of the Amildars concerned. The worst Taluk however is Sidlaghatta.

11. *Incomplete wells.*—Out of the remaining 1,168 wells, the advances in 126 cases amounting to Rs. 12,321 with interest Rs. 963-2-6 have been recovered, as, in respect of them, little or no work was reported to have been done.

12. Three fourths of the work is reported to have been executed in 236 cases and half or more than half in 335 cases. In these, as also in the case of 110 wells sanctioned in 1893-94, further time up to the end of 1894-95 has been granted for the completion of the works, on the strong recommendation of the several Amildars concerned, and of some of the Deputy Commissioners, notably those of Kolar and Chitaldrug.

13. The following statement indicates the result of work done in the several Taluks.

Generally speaking Kolar District has fared the worst. Making every allowance for the difficulty in procuring labor, which is often urged as a reason, and which more or less exists in all the Districts, the Amildars here have shown very little energy. They seem to have been very active in getting advances paid, but in spite of repeated orders from this office, they have not bestirred themselves to get the works completed, although a number of wells is shown by some of them as being nearly completed. In some of the Taluks of the other Districts, where the Amildars have worked with any interest, they have not failed to show very fair results, as it is evident from the above statement.

14. In this connection, however, the difficulty that really exists in procuring skilled labor cannot be altogether ignored, as also the universal complaint that the time at present allowed under the rules for the completion of wells, is insufficient. The same inconvenience seems to be experienced in the neighbouring Presidency of

Madras, where although 39½ lakhs of rupees were advanced for constructing 16,128 wells during 1890-91 and 1891-92, yet a small proportion of them namely, 5,753 wells, appear to have been completed within the appointed time, thereby necessitating extension of time in respect of 10,375 wells. These facts have induced me to make a reference (No. 19, dated 19th August 1893) to Government on this subject.

15. The following table shows the number of wells for which time has been extended till the end of the current official year subject to Government sanction.

No.	District.	Extension granted.										Number of wells not deserving of any concession.
		Three-fourths work done.				More than half work done.				Half work.	Total.

Of those still to be completed, a large number is in the Kolar District. As in the case of wells for which extension has been granted, all the necessary materials are reported to be collected, there is every likelihood of their completion within the time now allowed. This work can only be done in hot months from November to June.

16. *Recovery of advances.*—As regards the remaining 487 wells, less than half or very little work is reported to have been done. The Amildars themselves have recommended the recovery of the advances in no less than 361 cases, and I do not think that the men concerned are deserving of any further concessions. Orders have accordingly been issued for the recovery of the advances with interest at 6 per centum according to rules.

17. In all 22 maistries were appointed to assist the Amildars in the execution of this work, and the services of nine of them were dispensed with in the beginning of this year, as in the Taluks to which they were attached, there was not sufficient work for them. Thirteen maistries are still retained till the end of the current official year as separately reported in my letter No. 16, dated 24th July 1894.

18. *Financial aspect with the material progress of the country.*—Out of the total number of 579 completed wells, final loan orders have been issued in 347 cases, as I have reported above. The amounts actually advanced by Government for the latter come up to Rs. 66,542-8-0, whereas their estimated cost is Rs. 94,685-5-1. These are reported to be capable of irrigating 1,534-2 acres, as described below :—

Description.	Extent.	
	Acres.	Guntas.
Dry	... 737	6
Wet	... 238	18½
Garden	... 558	17½
Total	... 1,534	2

Even supposing that an acre of well irrigated land brings on the average a moderate net profit of Rs. 50 per acre to the raiyat, the country can fairly be taken to have become richer to the extent of Rs. 76,700 per annum in round figures with little or no cost to Government, as all the advances will be recovered together with moderate interest in a course of years. This liberal act of Government in advancing the money on very favorable terms has lent a stimulus to private enterprise. As a matter of fact, many new wells have since come into existence by the application of independent private capital. The poorer classes have especially been taking advantage of the liberal offers of Government.

19. I am glad to report in this connection that very few cases have come to light, of moneys advanced by Government having been utilized for other than their legitimate purpose. In the case of a single intance only in the Kolar District the amount advanced was reported to have been utilized for a marriage. Such of the raiyats as failed to undertake the promised work have either paid back the advances of their own accord, or the same recovered without much pressure.

20. A statement embodying every details is herewith sbumitted for further reference :—

No. 1804-12—R. 677, DATED, BANGALORE, 31ST AUGUST 1895.

ORDER THEREON.—Recorded. The report contains full information of what has been done up to the close of the year 1893-94.

2. The scheme having been introduced in 1891-92, the amount sanctioned for wells during the past three years and the amount advanced therefor, are shown in the following statement:—

Year.	Number of wells.	Amount sanctioned.	Amount advanced.
1891-92.	1,442	2,79,008	2,17,227
1892-93.	171	49,050	29,280
1893-94.	134	42,135	20,748
Total ...	1,747	3,70,193	2,67,255

3. The number of wells completed during the year under review being 385 as against 194 in 1892-93, the total number of wells completed, *viz.*, 579 is nearly one-third of the total number of wells sanctioned. Against this number, loan orders were issued in 347 cases involving a loan of Rs. 66,542-8-0 and 232 loan orders remain to be issued. These 347 wells, the estimated cost whereof is Rs. 94,685-5-1, are however capable of irrigating 1,534 acres, comprising dry, wet and garden lands.

4. Deducting the number of completed wells (579) from the total number of wells sanctioned (1,747,) there remain 1,168 wells to be completed. Out of this number, advances amounting to Rs. 12,321 with interest (Rs. 963-2-6) have been recovered in 126 cases in which little or no work had been done, and further time up to the end of 1894-95 has been granted for the completion of 681 wells leaving 361 cases in which the advances granted have to be recovered.

5. There was one case in which the advance obtained for the sinking of a well was appropriated for the purpose of celebrating a domestic event. The matter has engaged the attention of the local officers and illustrates the necessity for using the greatest care and circumspection in making these advances.

6. The attention of the Deputy Commissioners concerned is drawn to the statement, hereunto annexed, of incomplete wells, and they are requested to issue such instructions to the Amildars as will stir them up to show satisfactory progress.

The Deputy Commissioners will, it is hoped, realize their full responsibility in this important work and co-operate fully to complete the wells which have been taken on hand.

C. SREENIVASIENGAR,
Revenue Secretary.

To—The Sub-Division Officer on special duty.
The Deputy Commissioners of Districts.

2. The Deputy Commissioner of Hassan is requested to issue necessary instructions and bring about the early adjustment of all old items of deposit, some of which date from 1889-90.

3. Under instructions conveyed in Comptroller's Circular No. 1813, dated 18th May 1894, the following items should have been credited to Government as they had been deposit unclaimed longer than the time therein prescribed. These, if still in deposit, should now be credited to Government. The Comptroller is requested to ascertain why his instructions were not promptly carried out, and bring any laxity in the matter to the notice of Government.

FOREST.

Proceedings of the Government of Mysore,

OFFICE OF THE DEWAN OF MYSORE,

No. 1531—FT. 82, DATED BANGALORE, 6TH AUGUST 1895.

From

The Revenue Secretary to the Government of Mysore.

To

The First Assistant to the Resident in Mysore.

SIR,

With reference to correspondence ending with your reminder letter No. 2820, dated 23rd July 1895, asking to be furnished with the results of the Khedda operations in Mysore since August 1891, I am directed to forward herewith a copy of letter No. 178—23, dated the 30th July 1895, from the Inspector General of Forests in Mysore, which gives the details required, with other interesting information regarding Khedda operations in Mysore.

I have, &c.,

C. SREENIVASIENGAR,

Revenue Secretary.

Enclosure.

Letter No. 178—23, dated the 30th July 1895, from the Inspector General of Forests and Plantations in Mysore to the Revenue Secretary to the Government of Mysore.

I have the honor to acknowledge the receipt of the General Secretary's letter No. 21169—R. 3028, dated the 21st May last, forwarding copy of letter No. 1711, dated the 16th idem, from the First Assistant to the Resident in Mysore, requesting information on the results of the Khedda operations conducted in the Mysore State since August 1891, and to furnish, with reference thereto, the following particulars for communication to the Government of Madras.

2. *Captures.*—Since August 1891 there have been eight captures. Particulars regarding the time and place of capture and the number and description of elephants caught on each occasion are given in the subjoined statement.

Official year.	Month.	Locality.	Number of elephants captured.				
			Tuskers.	Muckna.	Cow elephants.	Male and female calves.	Total.

3. *Disposals.*—The following table shows the disposal of the above elephants.

4. *Casualties.*—Difference of opinion exists as to the necessity or expediency of destroying elephants which are either useless or dangerous; but this measure has been virtually prohibited since 1892-93. The death rate has otherwise been heavy, owing chiefly to sudden attack of what is called "Lurza" or lung disease, to which the elephants succumb in spite of treatment. The percentage of casualties amongst the Khedda caught elephants in each of the past four years is shown below:—

Year.	Number of elephants captured.	Number of elephants that died from various causes.	Percentage of mortality.
1891-92	75	24	32
1892-93	76	14	18·4
1893-94	50	7	14
1894-95	57	12	21

5. *Expenditure and Receipts.*—The ordinary expenditure and the income obtained for each of the years under review are noted hereunder:—

Year.	Expenditure.			Receipt.			Percentage of deficit.	Remarks.
	A. Charges exclusive of initial or capital outlay.	B. Establishment charges.	Total.	By sale of elephants.	By sale of tusks and miscellaneous articles.	Total.		
1891-92 ...	*65,230	26,574	91,804	49,369	1,837	51,206	44	*Exclude Rs. 5,112 spent on other operations in Kadur and Shimoga Districts.
1892-93 ...	*57,537	11,234	68,771	62,955	1,934	64,889	6	
1893-94 ...	44,717	10,892	55,609	42,465	1,320	43,785	21	
1894-95 ...	38,624	10,574	49,198	38,245	643	38,888	21	

The sale proceeds of 1893-94 exclude the value of the elephants made over to the Palace. As the Khedda Department receives valuable help from the Palace in the shape of "Kumkies" (auxiliary elephants) and fodder from its Kavals for which no payment is made, it has been decided by Government to charge no price for the elephants handed over to the Palace Department. Similarly, the value of the elephant presented in 1893-94 to the Field Inspector of the Khedda Department in recognition of his efficient services, in lieu, it may be said, of money reward, has not been taken into account.

With regard to expenditure, the increase in 1891-92 as compared with subsequent years was in considerable measure owing to the extension of that year from 12 to 15 months. The decrease under establishment charges since 1892-93 is chiefly due to revision of Khedda establishment in regard to superior officers, the present Khedda Superintendent drawing only a salary of Rs. 450 (raised to Rs. 600 from 1st July 1895) with an average travelling allowance of Rs. 200 per mensem, against the consolidated pay of Rs. 1,200 drawn by his predecessor, with a contribution of Rs. 105 towards his pension. Taking the aggregate results as shown in the above statement it will be seen that the receipts of the Khedda Department have always been less than its charges, though the deficit in the latter three years is not so large as in the earlier years of the Department, when heavy initial or capital outlay had to be incurred for its complete equipment, including buildings, communications and telephone lines, and this deficit might occasionally in after years be converted into a small surplus or equalization of receipts and charges, if there be an exceptionally favorable catch or catches.

6. *Initial or Capital outlay.*—Regarding the initial cost incurred from the commencement, *i. e.*, November 1888, for Khedda operations, it has to be said that three main items go to comprise such outlay, *viz.*, (1) purchase of kumkie elephants, (2) purchase of tools, plant and instruments, (3) construction of Kheddas, telephone lines, cooly huts, &c. The cost of the first item as invested in 28 elephants amounts to Rs. 98,700, while that of the second and third items amounts to Rs. 22,400 and Rs. 31,400, respectively, or Rs. 1,52,500 in all up to end of 1894-95. Out of this a loss to the extent of Rs. 25,700 has been sustained, consequent on the death of 3 Dacca and 4 Burmah elephants.

7. In connection with Chamrajnagar Kheddas where natural gorges exist and which had been worked in 1873 for a capture then made, the initial outlay was not much. In fact these Kheddas required no original works, but only repairs; and the annual charges for such repairs and maintenance vary from Rs. 2,000 to 3,500. But the case is different with the Kakankote Kheddas, which are more artificial and laid out in a forest which though a rendezvous of elephants is wanting in natural facilities for purposes of capture; and in consequence, stockades have been erected with needfull trenches and enclosures, which owing to treacherous soil require larger outlay on repairs annually. The construction of this Khedda with all its requisites has cost Rs. 21,4 0; and the outlay on the formation of Sakrebail and Hebbe Kheddas in localities possessing natural advantages in the Shimoga and Kadur Districts amounts to Rs. 10,000. These two charges constitute the sum of Rs. 31,400 embraced by item No. 3 above referred to.

8. *Description of ordinary charges.*—Excluding the initial outlay as above, the ordinary charges which comprise the marginally noted heads are fluctuating. The largest item of expenditure is as regards elephant attendants, who are mostly drawn from Dacca or Chittagong. These men are hardworking and steady on emergency, and are expert and daring in surrounding, driving, roping and training wild elephants. Without them successful drives would be very uncertain. Local men are not up to the mark, though some of them may come to the front in course of time; and thus expensive as these foreigners are, their continued employment seems indispensable. Their strength at present consists of:—

1. Purchase of hemp, Mahouts' dress and elephant gear, &c.
2. Purchase of food stuffs for shikaries and bullocks
3. Repair and up-keep of Kakankote Khedda and operation charges.
4. Repair and upkeep of Chamrajnagar Khedda and operation charges.
5. Feed of Kumki elephants.
6. Feed of new elephants.
7. Training money.
8. Elephant attendants.
9. Trainage and auction charges.
10. Up-keep of telephone communications.
11. Sundries.
12. Kalihat establishment.
13. Sundry charges in connection with Sakrebail and Hebbe Kheddas.

				Rs.	
1	Field Inspector on	...	...	150	per mensem.
1	Head Jamadar	...	...	40	do
1	Naib Jamadar	...	...	35	do
2	Jamadar each	...	...	25	each per mensem.

21 Mahouts and 21 Coolis on 21 Kumkies on daily wages of, respectively, 12 annas and 8 annas each per diem.

4 Spare Mahouts and 4 spare coolies on daily wages of, respectively, 9 annas and 6 annas each per diem.

28 Extra Mahouts or hunters for 6 months on Rs. 15 each per month.

The annual cost of maintenance of the above establishment amounts to Rs. 16,700 which, plus Rs. 500, the passage money allowed for 25 men for return journey to their native country, would form nearly one-third of gross outlay on operation. Next comes the item "Feed of Kumkies and captives" and the charges on that account amount to Rs. 8,000 or thereabouts.

9. *Khedda compared with Mysore Pit-fall system.*—The pit-fall system connot in my humble opinion compare with the Khedda system, calculated as the latter is to catch a whole herd of elephants at a single drive with little injury to elephants, which is not the case as regards pit-falls. The pit-fall system was practised in 2 or 3 forests of the Mysore District prior to the institution of Khedda operations. The casualties among pit-falls, mostly from injuries, were 30 per cent, whilst among the Khedda-caught elephants (excepting the number shot as being either too dangerous or useless) the casualties were within 21 per cent, which would have been still less had not the peculiar and fatal lung disease affected them. The financial aspect of the pit-fall systen was more encouraging, showing for a period of six years an aggregate profit of 96 per cent; whereas the Khedda system worked at a loss to the extent of more than 17 per cent (exclusive of the initial outlay and special reception charges) for a similar period from its beginning.

10. Khedda operations have certain attractive features of their own, in being an effective means of keeping down the number of wild elephants and checking their depradations on crops, besides forming a sport suited to be witnessed by distinguished visitors. The chief requisites for the success of Khedda operations are (1) a sufficient supply of wild elephants in localities feasible for their capture, (2) a trained body of local hunters and mahouts, (3) cheap fodder, and (4) ready and good market for the captives. These circumstances being favorable, Khedda operations, which in one sense are a necessity in order to reduce, if they are not to be shot, the number of wild elephants, may yet not altogether prove unremunerative.

11. In conclusion I take the liberty of making the following remarks :—

(*a*) Local men would be cheaper than foreigners, but there would be bungling, fewer successful drives, and it is feared more loss of human life.

(*b*) The cost of keep of kumki elephants might be lessened a little by using them in forests to drag out timber from inaccessible places.

(*c*) The attention of the Khedda Superintendent will be drawn to the great, if not absolute, necessity of reducing establishment and other charges.

(*d*) In a prosperous Native State with distinguished guests and even Royalty as visitors, the retention of Kheddas would appear unobjectionable, if not, even desirable, regard being had to strict economy in all details.

(*e*) If the Imperial and Madras Governments are ready, as is believed to be the case, to assist Mysore in helping to drive elephants from Coorg, Wynaad, Malabar and Nilgherries into our Kheddas, where feasible, the Mysore Government might in return put all their trained resources in Superintendent, Inspector, Jamadars, foreign hunters, Kumkies and mahouts, and necessary gear, at the disposal of the Imperial and Madras Governments at times to be mutually fixed by those more immediately concerned in the operations, for any proposed Khedda drives in the territories of above Governments, not immediately adjacent to Mysore, and at a charge of only the actual cost of the officer, men and elephants while so employed.

(*f*) With effectual Khedda operations in various places the number of wild elephants will so diminish that eventually there will be no necessity or room for such operations, and then the pit-fall system might again be introduced, but with better and more humane methods of sloping pit-sides and breaking the fall of the elephant.

Government Proceedings No. 19339-47—R. 2781, dated 3rd May 1895, commenting upon the Inspector General of Forest's report on the results of the sandalwood sales held in the several kot'his of the Province in November and December 1894, issuing instructions for preparing future returns on the subject, and *suggesting the giving out on contract the collection of* sandalwood in distant and inaccessible jungly quarters.

Read the following letter; No. 90—15, dated 23rd July 1895, from the Inspector General of Forests in Mysore, referred to in the above Proceedings:—

With reference to Government Proceedings No. 19339-47—R. 2781, dated 3rd May last, calling for report on several points adverted to therein, I have the honor to state as follows:—

2. *Quantity of wood obtained from mature sudal trees (para 3).*—In the monthly sandalwood returns received from the Districts, the quantity of sandalwood obtained from mature trees is not shown separately from that obtained from dead and decaying trees. Hence I am in doubt as to whether the particulars called for by Government can be furnished. I have, however, called for such details, if available from 1881, directing at the same time to enter such details in future returns rendered to my office. That sandal collection has been systematized, and that green wood felling has been greatly restricted will be seen from para 4 of the enclosed printed manual issued for guidance shortly after my appointment as Inspector General of Forests.

3. *Enumeration of sandal trees (para 4).*—I have no complete correspondence or information on the subject. I have yet been able to find only two printed Proceedings of the late Chief Commissioner, Nos. 226—R. F. 3 and 1975—R. F. 46, dated, respectively, 8th April and 3rd June 1876. I have addressed a Circular to the Deputy Commissioners on the subject, and enclose copy of the same for the information of Government. Even if the enumeration had been conducted then, *i. e.* about twenty years ago, it is desirable that a census of the trees should be taken now to afford data for future collection. Some time before the receipt of the present Government Order, the enumeration of sandalwood trees in the Bangalore District was taken up, as per my orders in connection with Mr. Russell's report that capital stock was diminishing and that collection should be reduced to 30 tons per annum. The results of this enumeration, so far as village lands were dealt with, shew that 768 decayed or decaying trees, 614 dry trees, 12,755 mature trees, and 72,649 young trees were counted out in the several Taluks of the District, excepting Kankanhalli (which abounds in sandalwood) and Bangalore Taluks from which lists have yet to be received. This enumeration carried out by Amildars with the help of their Shekdars, Shanbhoges and Patels is, at best, approximate, particularly in respect to mature trees. As regards the sandalwood resources of State Forests it is reported both by Mr. Russell's predecessor and successor in office that trees of all stages of growth are to be found, including top-dry and mature trees, in pretty large numbers in more remote parts of certain forests. At one time the area under sandal growth in Closepet and Kankanhalli Taluks was roughly estimated at 30,000 acres, and whatever there is, it is being largely supplemented by annual dibbling and sowing operations carried on in scrub jungles, village lands and plantations. Now that a regular census of sandal trees is being taken, under Government orders conveyed in paras 4 and 5 of the Proceedings under reply, the resources of sandalwood, both natural and artificial, will be fully ascertained. In furtherance of this important measure; and with a view to secure uniformity, I would suggest that the accompanying form, with such modifications as Government may consider necessary and direct, be printed and supplied to Deputy Commissioners and Amildars, with needful instructions for the early and careful prosecution of the work, checking a certain percentage of it personally as a test of correct enumeration taken by their subordinates. The statement received from Revenue and Forest subordinates may be compiled Talukwar in the District Forest Office, and the same transmitted to me for submission to Government.

4. In connection with this subject it is not out of place to mention or to submit copies of correspondence between the Deputy Commissioner of Kadur and myself, regarding the enumeration of sandal trees in the Government Villages within a radius of 5 to 7 miles from the limits of Sringeri Jahagir. It will be seen that Mr. Sparkes is against the employment of village officials on the above work on the ground that the Patels, identified with raiyats who look upon sandal trees as their enemy, cannot be expected to bring on the list all the sandal trees existing, that the Amildars and Shekdars who have multifarious duties to attend to could not check the Patels' enumeration, and that therefore a special Forest staff should be appointed for the work. Far from agreeing in the above remarks and proposals, I beg to state that as directed in Government Proceedings No 226—R. F. 3, dated 8th April 1876, the taluk and village officials who are the natural guardians of sandalwood, ought to take up the work of enumerating sandal trees standing in lands, whether Government or Inam, lying outside the State and District Forests, which will be explored by the forest officials, and all trees therein counted by them, which will be an enormous work for them in addition to their other duties. I beg that orders on the above may be passed.

5, *Collection by contract* (*para* 6).—As regards sandalwood collection, the Government seem to be of opinion that it is better and more cheaply done on *contract* than in *amani*. It may perhaps be so with regard to accessible localities, and even then a well conducted *amani* system would prove more advantageous, as will be seen from the marginal comparative statement furnished by the Shimoga District Forest Officer, with reference to my remarks on the District Forest Report for 1893-94. For the conservancy and extraction of sandal wood, we have a special establishment of salaried Manegars in all the sandal-Districts, and this agency works the sandal wood tracts with a certain amount of responsibility and care. Far from the *contract* system being profitable, it is fraught with irregularities easily connived at by local subordinates. Instances are not wanting in which contractors for dry wood collection were found to have cut green wood and let it dry to be carted away with dead wood; and, also to have cut in localities other than those authorized or specified in their agreement. The trees are often not properly uprooted, nor are the thin branches containing heart wood completely worked up owing to extra labor and cost it involves. Such irregularities will, as may be expected, be greater when distant and inaccessible jungle tracts are assigned to them. Not only would they ask much higher rates, but would also fail in their contract delaying their supply for some reason or other till the eleventh hour, when the Department would have to step in and take the collection into its hands invoking the aid of Amildars. All such inaccessible parts can therefore be better worked by Departmental agency, and cheaply too, as far as may be possible, if it can command the aid of the local Revenue officials as regards the supply of labor and carts. This should be rendered imperative, as the more interior and difficult parts have to be worked for future supply, owing to exhaustion of dead and decaying trees in the nearer localities hitherto operated upon in certain Districts.

6. I beg further to add that Government have once condemned, (*vide* Proceedings No. 1782-5—186, dated 16th October 1882,) the *contract* system in the following terms:—

"The system of felling sandal by *contract*, which led to indiscriminate cutting, has been pro-"perly given up in this (Mysore) District and sandal is now collected at cheaper cost through "the agency of temporary Manegars." Under the circumstances above represented, I am not, I deferentially submit, prepared to recommend reversion to *contract* system, and if permitted would suggest the expediency of concentrating under a special Forest Officer, subject to general control of the District Forest Officer, the operations of both exploitation and dressing of sandal-wood in the more important Districts of Shimoga and Mysore, such special Forest Officer being required to devote full attention to sandal conservancy and reproduction on established methods in selected localities through the agency of Manegars and Foresters within their respective charges. All expenditure connected with sandal cultivation, exploitation and kot'hi preparation should be checked before it is passed and included in the District working charges bill.

No. 1948—Ft. 109, DATED, BANGALORE, 15TH AUGUST 1895.

ORDER THEREON.—With reference to the quantity of wood obtained from mature sandal trees as distinguished from dead and decaying trees the Inspector General of Forests states that in the monthly returns now received from the Districts this information is not separately shown, and that he has called for such details from 1881. The Government will await the information called for, which, if available, would be useful and interesting.

2. The form submitted by the Inspector General for adoption by the Forest Officers and Taluk Amildars in recording the results of enumeration of sandal trees conducted by them under the orders referred to above, is approved, and the Inspector General is requested to have it printed and distributed as early as possible with the necessary instructions.

3. The Government quite agree with Mr. Ricketts in thinking that without the co-operation of the village officers there is no prospect of this important work of enumeration being carried out speedily. A quarterly statement of progress made should be submitted for the information of Government.

4. As regards the collection of sandalwood, while the Government generally concur with Mr. Ricketts in the observations made in para 5 of his letter, they are desirous of knowing why the *contract* system with suitable conditions, and under proper supervision, should not be tried experimentally at least in some of the accessible localities specially selected for the purpose by inviting tenders and thereby inducing open competition. In distant and inaccessible jungle tracts of Mysore and Shimoga Districts the collection may be made departmentally as proposed, an Assistant or Sub-Assistant Conservator of Forests being deputed to specially superintend the operations.

Government Proceedings No. 19242-50—R. 2765, dated 20th April 1895, authorizing Deputy Commissioners to make free grants of wood of a value not exceeding Rs. 25, in each case, to raiyats for rebuilding their houses destroyed by accidental fires.

READ :—

Letter No. C. 173, dated the 26th July 1895, from the Inspector General of Forests in Mysore, stating that in the absence of specific mention of "District Forests," Deputy Commissioners may be led to think that they have authority to make free grants from "State Forests" also, and that therefore it should be distinctly ruled that free grants should only be made from District Forests and only to Kandayam paying raiyats.

No. 1733-41—Ft. 91, DATED, BANGALORE, 9TH AUGUST 1895.

ORDER THEREON.—The form prescribed in the Government Proceedings read above clearly shows that the persons for whom grants are intended to be made are Kandayam paying raiyats. Even before the date of the above Proceedings no other persons were entitled to this privilege. The object of the order being simply to delegate to Deputy Commissioners a portion of the powers which were being exercised by Government the proposed insertion of the words "Kandayam paying raiyats" seems unnecessary.

2. The Government consider that it is undesirable that Deputy Commissioners should permit felling in State Forests which are under the management of the Forest Department. The Inspector General's suggestion in this respect is approved. If, in any special case, the grant has to be made from State Forests the Deputy Commissioner should submit his recommendation to Government through the Inspector General of Forests.

Revenue Secretary.

(1) Letter No. 26—2, dated 6th July 1895, from the Inspector General of Forests in Mysore :—

I have the honor to request the favor of your obtaining Government sanction to the permanent entertainment, with effect from 1st August next, of the marginally noted establishment for the newly constituted Naraindrug State Forest and the Timber Depôt at Nanjangud, in the Mysore District.

2. A Mutsaddi on Rs. 10 and five watchers on Rs. 5 each for the Naraindrug Forest, and a Mutsaddi on Rs. 12 and a peon on Rs. 6 have hitherto been employed and paid out of working charges. As the forest has now been completely brought under reservation after settlement as reported in my letter No. 3125—223, dated 28th March last, and as the Depôt at Nanjangud has also passed the stage of experiment, it is necessary that the establishment should be brought on the permanent strength with a slight increase of pay as now recommended. The Depôt at Nanjangud which is on the bank of the Kapani river and to which timber and bamboos are floated from parts of Kakankota and Begur State Forests, through the forest weir constructed at a large outlay in the Hulhalli channel, is getting into importance, and the demand at the Depôt will, it is expected, considerably increase owing to the abolition of the temporary jungle Depôt at Hura in the same Nanjangud Taluk. The Depôt Mutsaddi will, if my recommendation be sanctioned, be given only Rs. 15 pay for the present, and the same may be raised to Rs. 20 when the sales have fully developed and the Depôt receipts increased.

3. Though appertaining more to the pages of a report than to this letter I beg to note a few facts regarding the newly reserved Naraindrug Forest. The whole forest has not been reserved, but sufficient left out for the wants of the villagers in grazing &c., The sum hitherto realised by the Revenue Department from the above forest, including, it is believed, other localities, was Rs. 1,556 and Rs. 1,750, respectively, in 1892-93 and 1893-94. What will be realised by the Forest Department in its circumscribed limits will be probably 3 to 4 times that amount if there be adequate establishment to strictly conserve the forest. Under Revenue management the revenue can hardly be expected to increase, and there is the risk or almost certainty of decrease owing to damage or destruction of trees, especially those yielding minor forest produce. Under Forest management the value of the growing wood will yearly increase. Seedlings of valuable trees, especially sandal and gallnuts, will have better chances of growing to maturity and help materially in increasing the revenue, whilst the yearly increased propagation of lac will yield no inconsiderable sum. All this of course points to a growing revenue. Doubtless the Revenue Department, with a sufficient conservancy establishment, could achieve similar results but such would scarcely be in its province looking at the strength of the Forest Department and the object of its creation. What is above said of Naraindrug Forest will doubtless hold good of other Maidan forests at present unreserved. In fact reservation in the Maidan is of much importance, for non-reservation in the long run generally leads to denudation. Moreover such reservation can be made to pay if forest officers do their duty in the matter.

(2) Letter C. No. 197, dated 31st July 1895, from the same officer.

In reply to your docket No. 837—Ft. 40, dated 19th instant, I have the honor to state that the cost of the proposed establishment for the Naraindrug State Forest and Nanjangud Depôt amounting to Rs. 948 for the current year, can be met by re appropriation from the *marginally noted heads of A. "Conservancy and Works" and which may be transferred to I. C. "Subordinate Forest and Depôt Establishments" under B. "Establishments," in consequence of no special provision having been made under the above head on account of the establishments in question. Early sanction is requested.

* 1. (a) Timber Rs. 500.
VIII. (f) Other charges Rs. 450.

No. 1857-9—Ft. 99, DATED, BANGALORE, 13TH AUGUST 1895.

ORDER THEREON.—Under the circumstances stated in the letters read above, the Government are pleased to sanction, with effect from 1st September 1895, the marginally noted establishments costing Rs. 948 per annum for the Naraindrug State Forest and the Timber Depôt at Nanjangud.

Proceedings of the Government of Mysore,

READ :—

Petition No. 2419—As. 159, dated 8th March 1895, presented by Krishnappa of Sindaghtata, Krishnarajpete Taluk, appealing against the order of the Deputy Commissioner of Mysore, confirming, under para XXIX of the Potigi rules of 1874, the appointment on probation, of respondent Nanjanna, to the office of Shanbhog of Singapura Firka newly formed at the Potigi settlement by splitting up the old Mailanhalli Firka of which the appellant was the Baravardar Shanbhog.

2. Proceedings received with letter No. 1478, dated 22nd June 1895, from the Deputy Commissioner, Mysore District.

No. 1533—PET. F. 21-95, DATED, BANGALORE, 1ST AUGUST 1895.

ORDER THEREON.—No doubt the rule referred to by the Deputy Commissioner contemplates the appointment of an additional Shanbhog when a Shanbhog's charge is split up into more than one circle. But when the officiator Shanbhog has a son who can well take up the additional charge it is not right to pass him over, especially when the father has worked well in charge of all the villages for several years. In modification of the Deputy Commissioner's order it is hereby directed that the infant son of the appellant named Venkataramanaiya be registered for the additional circle of Singapura, and Nanjanna, counter petitioner, do act as his Gumasta during his minority.

Petition No. 2837, dated 24th April 1895, from Chikkannaiya and Basavanna of Nidughatta in the Kadur Taluk, praying for remission of wet assessment on their lands below Hallikere tank for the year Jaya, owing to the failure of the supply of water to the said lands.

2. Letter No. 96, dated 31st July 1895, from the Deputy Commissioner of Kadur, reporting that the tank in question breached prior to 1877-78, that the Public Works Department have now undertaken the repair at an estimated cost of Rs. 7,349, that the raiyats have promised a contribution of Rs. 930 of which Rs. 692-9-0 has been recovered and the balance is still due from the raiyats, that the lands in question were obtained by the petitioners after the breach of the tank, that they have withheld payment of Rs. 55 being half the kandayam due by them for 1894-95, and that there are no special grounds for concession to the raiyats.

No. 2146-53—P. 412, DATED, BANGALORE, 20TH AUGUST 1895.

ORDER THEREON.—If the tank has breached and the case comes under the standing rules on the subject, the Deputy Commissioner ought to grant the petitioners the concession which the rules authorize. Other considerations, not quite relevant, should not influence his decision of this question. He has, however, not reported whether the lands were lying fallow or had been sown with crop, and, if so, whether the crop was dry or wet. If there was no paddy or other wet crop on the land the petitioners seem entitled to the concession prayed for.

2. The Deputy Commissioner will decide the question in accordance with these observations.

OFFICIAL MEMORANDUM.

In a case recently decided by Government it was noticed that the names of all the persons mentioned in the Inam Register were not to be found in the Khetwar Patrike and the Khate Registers. As a consequence, the notice of demand was omitted to be served on one of the persons who claimed to be the Inamdar. As it is apprehended that such instances may be found elsewhere, the Deputy Commissioners of Districts are requested to institute special enquiries during the next jamabandi and take such measures as will be necessary to make the Village Registers correspond with the entries in the Inam Registers so far as they apply to the facts actually existing at the present time.

By Order,

C. SREENIVASIENGAR,
Revenue Secretary.

To—The Deputy Commissioners of Districts.

READ:—

1. Records relating to the sales of Survey Nos. 52 and 53 of Rayasandra, and No. 27 of Koppa in the Gubbi Taluk for arrears of revenue due by Rudraiya.

2. Letters Nos. 44, and 407, dated 11th July and 6th November 1894, respectively, from the Deputy Commissioner of Tumkur.

No. 2378—P. F. 33-95, DATED, BANGALORE, 25TH AUGUST 1895.

ORDER THEREON.—These sale proceedings reflect great discredit on the Taluk officials, and they seem to have been conducted in a manner betraying utter disregard and intentional violation of the Standing orders on the subject.

2. The existence of the trees on the lands and other material circumstances affecting the value of the lands to be sold were not mentioned in the sale proclamation; and though perhaps, when notice of these matters is otherwise given at the time of sale, the parties may have no strict right to complain, it is all the same the duty of the officials to have inserted these particulars duly. There was correspondence between the Amildar and the Deputy Commissioner about the alteration of the date of publication of the sale proclamation from 21 to 29, subsequent to the sale proceedings being closed. It is not proved where the alteration was actually made, but it seems clear that the date has been subsequently tampered with.

3. The sale was held on a Sunday and the required interval was not allowed ot elapse between the dates of sale and its confirmation.

4. It is noted with regret that the irregularities were not duly noticed and corrected in the District office, where the papers seem to have been dealt with in a routine manner and disposed of under the signature of the District Forest Officer whose connection with revenue matters is not apparent. On the whole, it seems to Government that, if this record is a specimen of how proceedings for the realization of land revenue are conducted in this District, they stand in need of correction and improvement, and the attention of the Deputy Commissioner cannot be too strongly called to this existing defect. It is hoped that the Deputy Commissioner will duly punish the village and Hobli officials concerned in this case. Amildar Srikantaiya and Sheristadar Seshappa, both of whom appear to have been in this Taluk when these proceedings were conducted, have rendered themselves liable to be censured.

Revenue Secretary.

READ :—

1. Petition No. 2954 of 1893-94, from Rudraiya of Rayasandra in the Gubbi Taluk, complaining of the sale of his lands for arrears of revenue.

2. Letters Nos. 44 and 407, dated 11th July and 6th November 1894, respectively, from the Deputy Commissioner of Tumkur.

3. Records relating to the sales.

No. 2377—P. F. 33-95, DATED, BANGALORE, 25TH AUGUST 1895.

ORDER THEREON.—The Petitioner's lands Nos. 52 and 53 of Rayasandra and No. 27 of Koppa were, among others, attached on the 23rd of November 1892 for * arrears of assessment due by him for Khara (1891-92) and sold on 22nd January 1893. The two former were purchased by 1st counter petitioner Nanjundaiya for Rs. 95, and the latter was purchased by the 2nd counter petitioner Dasegauda for Rs. 51. The sale of Nos. 52 and 53 was confirmed on 4th February 1893, and a Muchalika was obtained from the purchaser on 28th April 1893, evidencing delivery of possession. The sale of No. 27 of Koppa was confirmed on 6th February 1893. The Petitioner's application to the Deputy Commissioner for cancellation of the sales was refused on 21st March 1893, on the ground that petitioner had notice of sale. The petitioner filed this appeal on the 10th May 1893.

* Rs. 94-3-2 on account of petitioner's Khata for Rayasandra.
Rs. 23-1-3 ditto for Koppa.

2. The 22nd January 1893 on which date the sales were held was a Sunday. It was urged on behalf of the counter petitioners that there was no rule or order directing Sundays to be observed as close holidays in Revenue offices. But Section 173 of the Land Revenue Code clearly lays down that no sale shall take place on a holiday recognised by Government, and it was held, in Revenue Appeal 65 of 1892-93, that the prohibition was founded on good reason, as intending purchasers might be under the impression that no business is usually done on public holidays.

3. Section 185 requires that 30 days should elapse between the date of the sale and the date of confirmation. But both these sales were confirmed before the expiry of this interval. For this and other reasons urged and substantiated in this appeal, it is impossible that the sales referred to can be upheld. They are accordingly cancelled, and the lands in dispute will be restored to the appellant. The purchase money will be refunded to the purchasers. If the arrears are still uncollected, fresh proceedings will be taken in accordance with rules.

MUZRAI.

Proceedings of the Government of Mysore,

READ:—

Correspondence ending with docket No. 1015, dated 5th March 1890, from the Deputy Commissioner, Mysore District, on the subject of the Maddur Chattram.

READ ALSO:—

Petitions No. 719, dated 20th November 1894, No. 1339, dated 2nd March 1895, and No. 49, dated 22nd June 1895, from the residents of Maddur, praying for the re-transfer of the Chattram to Maddur, from its present locality.

AND:—

The following Memo of the Muzrai Superintendent, dated 26th July 1895.

The Maddur Chattram.

This Chattram was formerly located in Maddur. In the year 1887, on a representation made by the Sub-Division officer of French Rocks that the Chattram would be more useful to travellers if near the Railway Station at Sivapura, a village two miles away from Maddur, a building was newly constructed in Sivapura, and the Chattram was transferred thither in 1888.

2. Since, several petitions have been received by Government from the residents of Maddur, representing that the removal of the Chattram to Sivapura has caused great hardship to the Bairagis and pilgrims who visit the Narasimhaswami and the Varadarajaswami temples in Maddur, and for whose benefit the Chattram was primarily intended, and praying, therefore, that the Chattram may be transferred back to Maddur.

3. Lately I inspected the Chattram now at Sivapura. The Chattram building which is a tiled one is not in a good state of repair. The travellers who seek relief in the institution are mostly Bairagis who require only raw rations; and railway travellers halting there need only comfortable lodging and accommodation. With the sanction of Government, I would stop the feeding of travellers at Sivapura, which at present is only nominal, converting the Chattram building into a mere rest-house for the accommodation of railway travellers, and transferring back the feeding allowances of the Chattram to Maddur for the benefit of travellers journeying by road and visiting the place on pilgrimage, who may be given raw rations, just as is done in the other Chattrams where that system has been introduced. These foot-travellers find it very difficult to go to Sivapura, where the Chattram is at present located, and which, as stated above, is two miles away from the temples and the village of Maddur. The Chattram to be opened at Maddur may be located either in a portion of the Narasimhaswami temple or any other building that may be available.

4. Of the Chattram servants two may be employed to look after the building at Sivapura and attend to the convenience of the railway travellers halting therein, and two others may be employed in Maddur to attend to the wants of travellers and distribute rations to them; and the services of the remaining servants (if any) will be dispensed with on payment of gratuities.

No. 199—MUZ. F. 7-95, DATED, BANGALORE, 8TH AUGUST 1895.

ORDER THEREON.—The proposals contained in paras 3 and 4 of the Muzrai Superintendent's Memo read above are sanctioned, and the Deputy Commissioner will be requested to carry out the same with effect from 1st September 1895.

2. The Deputy Commissioner will further submit for the orders of Government a statement of the present Chattram establishment as per form appended, *noting therein the particular servants to be retained for the Sivapura and Maddur Chattrams under the revised arrangements, and those whose services are to be dispensed with.

Rubkari No. 1937, dated 15th June 1895, from the Deputy Commissioner, Tumkur District, soliciting sanction to the introduction of the system of issuing raw rations instead of cooked food into the Government Anna Chattrams at Sira and Sibi as proposed by the Amildar of the Sira Taluk, and stating that as his proposal seems reasonable the same may be carried out in regard to all the Chattrams in his District.

Translation of the Sira Taluk Amildar's Kanarese Report No. 1053, *dated 8th June* 1895, *to the Deputy Commissioner, Tumkur District.*

"There are two Government Chattrams in this Taluk, one at Kasaba Sira, and the other in the temple at Sibi. The monthly Tasdik and Paditara allowances assigned to each of the institutions are as follow :—

Sira Chattram—				
Parpattegar	Rs. 2	a. 6	p. 0	} paid to Parpattegar.
Gollar	1	3	0	
Naivedyasamarpane	1	3	0

Sweeper	0	11	0	
				Rs. a. p.
Total of establishment charges ...				13 14 0
Paditara allowance ...				29 0 0
Total Tasdik ...				42 14 0
Sibi Chattram—				
Parpattegar	2	6	0	
Devatárchane	1	3	0	
Gandhakshatê	1	3	0	} paid to the same individual.
Gollar	1	3	0	
Paricharaka	3	10	0	
Cook	3	10	0	
Sweeper	0	11	0	
				Rs. a. p.
Total establishment charges ...				13 14 0
Paditara allowance ...				29 0 0
Total Tasdik ...				42 14 0

"2. For the past one year I have been in charge of this Taluk, I have found that at the Sira Chattram, the Parpattegar and the Sweeper are the only two servants who do any really useful work at the Chattram. The Parpattegar daily distributes rations to travellers. This is sufficient work for him both in the mornings and in the evenings. The Sweeper does her work receiving very poor wages. Besides the Gosayis who apply for raw rations, no one has ever seen a single traveller desiring cooked food at the Chattram. The Paricharaka and the Cook consequently draw their pay to no purpose and are attending to their own private affairs. When there is no food cooked in the Chattram, it is a question for consideration how far the two servants holding the Gandhakshatê and Devatárchane offices, are useful to the institution. The travellers visiting the Chattram are so many that the Paditara allowances now assigned to the institutions are not adequate to keep the Chattram going even for twenty days in the month."

"3. The Chattram at Sibi is also in the same condition as the Sira Chattram. Of the Chattram servants, some reside in distant villages and others in distant Taluks. But this is not due to any fault of theirs. It is the result of their being useless to the institutions."

"4. Of the Paditara allowances assigned for feeding of travellers at each of the Chattrams in question, a monthly quantity of 80 seers of rice with condiments is given away to the servants attached to the institutions. Instead of keeping up such useless establishments, it will be better if only one Brahmin servant and one Sudra servant are retained for each Chattram, and the services of others dispensed with. There would then be a saving in the Tasdik allowance as also in the Paditara allowance. These combined will be quite enough to distribute rations to the travellers throughout the month. The Brahmin servant may be designated Cook and Paricharak and allowed a pay of Rs. 6 a month. No servant could be secured for this work on a less pay. The Sweeper now receives a pay of 11 annas in cash besides some rice allowance. It is too much to expect that one on so low a pay, will consent to stay at the Chattram and keep it in a cleanly condition. As no one could be got for this duty for less pay than Rs. 4, I would propose that the pay of the sweeper be raised to that amount. If this arrangement be adopted, the establishment will then cost only Rs. 10, and greater amount will be available for Paditara. Besides, the 80 seers of rice now consumed by the servants at each Chattram will also be available for the benefit of the travellers. Reference is requested to Government Proceedings No. 10861-94—R. 1615 of January 1895, regarding the Chattrams in the Chitaldrug District."

"5. There is not the least objection to introducing into the two Chattrams of this Taluk the changes adopted in the Chattrams of the Chitaldrug District. I beg that the sanction of the Muzrai Superintendent may be obtained to introduce the changes proposed with effect from the 1st proximo. I further request that permission be granted for bringing this scheme into operation from the said date even in anticipation of such sanction. I am unable to describe the incalculable benefits that will accrue to travellers by the introduction of this new scheme."

"6. The Brahmin servant who is to be appointed under the new system on a salary of Rs. 6 a month will always remain at the Chattram and will cook food for any sick or infirm travellers who are unable to cook for themselves and desire to be fed; and will also attend to the distribution of raw rations to other travellers. Of the servants now employed at the two Chattrams, four will have to be retained under the new scheme. Of the other servants, the Parpattegar of the Sira Chattram is a young man and qualified in every respect for other work. I will provide him with a place on the occurrence of a vacancy. The services of the others will have to be dispensed with."

No. 215-6—Muz. F. 8-95, dated, Bangalore, 10th August 1895.

Order thereon.—Under the foregoing circumstances, the introduction of the system of issuing raw rations instead of cooked food into the Government Chattrams at Sira and Sibi is sanctioned with effect from 1st September 1895.

2. The Tasdik of each of the aforesaid two Chattrams will be re-distributed as follows :—

1 Cook and Waterman on	Rs. 6 a month	or	Rs. 72 per annum.
1 Sweeper on ..	Rs. 4 a month	or	Rs. 48 per annum.
Feeding allowance ..	Rs. 32-14-0 a month	or	Rs. 394-8-0 per annum.
Total ..	Rs. 42-14-0 a month	or	Rs. 514-8-0 per annum.

3. No rice allowance should be given to any of the Chattram servants. The waterman in addition to supplying water to travellers will also cook food for the aged or sickly travellers that may stand in need of such help.

4. The Deputy Commissioner is requested to submit detailed statements, as per form noted in the margin, of the servants now employed in each of the Chattrams in question and report the names of those who might be retained in service under the revised system. The services of the other servants will be dispensed with from the 1st September 1895, as their posts are hereby abolished from that date. As to the payment of gratuities to them, separate orders will be issued on receipt of the statements referred to above.

Name of office.	Name of present incumbent.	Pay.		Service in the Chattram.		Age.	Remarks.
		Cash.	Kind.	Date of 1st entertainment.	Total period of service.		

5. As regards the Deputy Commissioner's suggestion to introduce the system of issuing raw rations instead of cooked food into the other Chattrams of his District, he is also requested to submit detailed proposals at an early date.

(1) Representation made in the Dasara Representative Assembly of 1893 (Subject No 101 in the Proceedings of that year) bringing to the notice of Government the neglected state of the Lakshminarayanaswami temple in Kasaba Shimoga.

(2) Correspondence on the above, ending with letter No. 1038—54, dated 2nd May 1895, from the Deputy Commissioner, Shimoga District.

(3) Petition, dated 3rd May 1895, from the residents of Shimoga, representing that the temple has been sadly neglected by its present Manager, Mr. Rama Rao of Mahadevapura, and praying that the institution and its endowments may be taken over under Muzrai management.

No. 294—Muz. F. 5-94, dated, Bangalore, 27th August 1895.

Order thereon.—The temple of Lakshminarayanaswami in the town of Shimoga is endowed with the Inam village of Kummanahalli in Shimoga Taluk, for its support and the performance of the daily puja and other services.

2. On a representation made in the Dasara Assembly of 1893 that the management of the temple was very unsatisfactory, the Deputy Commissioner held an enquiry into the matter, and finding the temple grossly neglected by its present Manager, Mr. Rama Rao of Mahadevapura, and the temple building itself in need of heavy repairs, reported the same for the orders of Government. Thereupon, an order was issued by Government requesting the Deputy Commissioner to issue a notice to the Manager calling upon him to explain why the institution had been so sadly neglected and to show cause why the temple and its endowments should not be taken over under Muzrai management. In reply, the Deputy Commissioner now reports that, in spite of the notice, the Manager has failed to take any steps towards repairing the temple and improving the management of the Inam village, and that therefore the latter has been placed under attachment.

3. Under the foregoing circumstances, the Government direct that the management of the temple and its endowments be assumed by the Muzrai Department and placed in charge of the Amildar of Shimoga Taluk. The Deputy Commissioner will be requested to submit detailed proposals towards the restoration of the institution to an efficient condition.

READ :—

THE FOLLOWING NOTE BY COLONEL C. BOWEN, CHIEF ENGINEER OF MYSORE, DATED 30TH JULY 1895, ON SANITARY WORKS BUDGET FOR 1895-96 :—

I beg to submit for the sanction of Government the accompanying Sanitary Works Budget for 1895-96 amounting to Rs. 1,90,000 against Rs. 2,83,700 for 1894-95. This large difference is due to the water-supply projects of Mysore and Bangalore cities having been transferred to the Provincial Budget, to be met from the grant allotted for special works.—*Vide* Dewan's Forecast Programme of the 28th June 1894. The Sanitary Budget Estimate comprises the following funds :—

		Rs.
(1)	Grant-in-aid given as a recoverable loan to minor Municipalities for Sanitary works, Rs. 50,000	1,00,000
(2)	Grant-in-aid from Provincial Fund Rs. 50,000	
(3)	Special grant from Provincial Fund for works in Part III ...	43,000
(4)	Establishment	42,000
(5)	Tools and plant	5,000
	Total ...	1,90,000

PART I.

2. It will be seen from the detail Budget that from the annual grant of one lakh Rs. 43,000 have been provided for 8 incomplete sanctioned works of past year now in progress, and the balance Rs. 57,000 for 15 new works brought forward by the Sanitary Engineer, projects for which are under preparation.

PART II.

3. The Sanitary Engineer explains that this portion of the Budget has not been submitted by him owing to non-receipt of information from the Deputy Commissioners in consequence of their Municipal Budgets not being yet ready. The submission of this part was ordered in para 11 of Government Proceedings, No. 1925-29—320-24 of 6th May, 1893 simply for record in the Public Works Department. He represents that the experience of the past two years has shown that while the preparation of this part II entails much correspondence, it cannot be submitted until all the Municipal Budgets are sanctioned by Government in the General Department, by which date the year to which it refers is far advanced. I would, therefore, ask for a re-consideration of the order requiring the incorporation of this part in the Sanitary Budget, particularly as it serves no practical end.

PART III.

4. Provision of Rs. 31,500 has been made for constructing the main and secondary drains to the Bangalore City Western Extension; Rs. 5,500 for water-supply to the town of Closepet; and Rs. 3,000 for filling up the public and private gundis in the town of Shimoga. They are to be met from Provincial Fund as special cases.

These works are in progress on sanctioned projects. A small sum of Rs. 3,000 has been reserved for finishing off incomplete minor works of the past year, and for fresh petty works that may be found necessary during the year.

5. Under "Establishment," the charges aggregate Rs. 42,000 against Rs. 31,500 of the previous year. The increase is due to the additional establishment found necessary in connection with the distribution of water for the Bangalore and Mysore Cities; but as these works have been provided for in the General Public Works Budget, a proportionate share of the charge may be debited to that Budget at the close of the year.

No. 823-46—4553-76, DATED, BANGALORE, 30TH AUGUST 1895.

ORDER THEREON.—The Sanitary Works Budget for 1895-96 submitted with the above is hereby sanctioned for Rs. 1,90,000.

2. The Municipal Budgets referred to in para 3 may simply be recorded in the Sanitary Engineer's office in future.

By order,

C. BOWEN, COL.

Secretary to the Government of Mysore, P. W. D.

To—The Secretary to the Government of Mysore, General Department.
All Deputy Commissioners of Districts.
All Executive Engineers of Divisions.
The Comptroller of Mysore.
The Examiner, Public Works Accounts of Mysore.
The Sanitary Engineer with the Government of Mysore.

1	1473 Ex. 40	2	Excise Comr.	Requesting that Messrs. Spencer & Co.'s application for permission to open a Foreign Liquor shop in the Kolar Gold Fields and the letter from the Chairman of the Gold Field Mining Board referred to in the correspondence ending with Government Proceedings No. 19232—R. F. 41-92, sanctioning the grant of license to Captain Anderson to sell Foreign Liquor in the Gold Fields may be submitted together with the Excise Commissioner's opinion as to the propriety or otherwise of cancelling the license now held by Captain Anderson.
2	1474 Ex. 41	2	First Asst. to Resdt.	Stating that on the objection taken by the Chairman of the Kolar Gold Field Mining Board the Excise Commissioner has cancelled the sale of the right of opening a country beer tavern in the Kolar Gold Fields.
3	1471 Ex. 39	3	Excise Comr.	Stating that it is inconvenient to send to the Excise Commissioner the part or parts of the Fort St. George Gazette received in this office, and that therefore the Excise Commissioner may subscribe for what is required and pay for the same from his office contingencies.
4	1522 Ex. 43	6	First Asst. to Resdt.	Forwarding a draft for Rs. 61-14-0 drawn by the Bank of Madras, Bangalore, on the Bank of Bombay at Indore, in favor of the Deputy Opium Agent in Malva on account of the balance due on the five chests of opium supplied to the Darbar in June last.
5	1523-4 Ex. 44	6	Dy. Comr., Mysore, & Comptr.	Approving of the Deputy Commissioner's action in permitting the private sale of some of the attached properties of R. C. Muddappa for the recovery of the arrears of toddy revenue due by R. C. Muddappa & Co.; authorizing the issue to the purchaser Seshachela Mudaliar, of the usual certificate of sale with the signature of R. C. Muddappa also, and directing that the other properties be released on R. C. Muddappa's joint and several liability for the arrears due to Government and that pending receipt of the report called for the amount in deposit be credited to Government and payment made to the Jahgirdar of Yelandur of such amount as he may be entitled to under the awards.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
6	1555-6 Ex. 46	6	Excise Comr., and Comptr.	Stating that Government do not consider it necessary to pay a fixed monthly allowance to Totis for watching date plantations, and that pending reply to Government Proceedings No. 1019-29, dated 12th April 1892, the Deputy Commissioners may be authorized to pay the watchers annual rewards within reasonable limits according to the quantity and quality of work actually done.
7	1557 Ex. 47	6	Excise Comr. ..	Enquiring whether any license was issued in respect of the liquors mentioned by Mr. Martins of the Kolar Gold Mines, and, if so, by whom and on what authority such license was issued.
8	1558 Ex. 48	6	Ditto ...	Stating that the abstract return of transactions in the Central Distillery which is now being submitted to this office seems sufficient, and requesting the Excise Commissioner to see that Mr. Davy checks the details as often as possible, as this is one of his most important duties.
9	1543 Ex. 45	7	First Asst. to Resdt.	Forwarding nine copies of the report on the Excise Administration in Mysore for 1892-93.
10	1577 Ex. 49	8	Supt., Govt. Press	Forwarding the report on the Administration of Excise Revenue in the Mysore State for 1893-94 with a request that it may be printed and proof sent to this office.
11	1625-7 R.F. 276-92	7	Excise Comr., Chief Engr., & Comptr	Stating that as recommended by the Excise Commissioner Government are pleased to forego the additional rent ordered to be levied from Messrs. Parry & Co. for the Central Distillery in Government Proceedings No. 15456-8—R. 1597, dated 15th March 1894, and that the full rent as fixed in the said Proceedings should, however, be provided for in the next contract.
12	1628 R.F. 276-92	7	Agent to Messrs. Parry & Co.	Forwarding in reply to his letter, dated 12th July 1895, a copy of the Dewan's revised memo of the 30th November 1894 explaining the impossibility of granting an extension of Messrs Parry & Co's arrack contract for a further period of five years from the date of its expiry.
13	1629 R.F. 276-92	7	Excise Comr.	Forwarding a copy of the above with a copy of the revised memo therein referred to, and requesting that a detailed list of machinery &c., already put up at the Distillery by Messrs. Parry & Co., with the cost thereof &c., may be submitted.
14	1856 Ex. 55	13	Excise Comr.	Returning the Register for June 1895 showing the quantity of country spirits issued from the Central Distillery to Bonded and Farm Depôts, for re-submission with the issues to the Mysore City and Kolar Gold Fields shown

				Commission, Bangalore, reporting that the Municipal Board has, as an experiment, started the lighting of the Cubbon Park by departmental agency and that, should the same prove successful, arrangements would be made to continue the present tentative system.
9	1530 R.F.220-92-93	5	Inspr.Gen.,Forests	Observing, with certain remarks, that the system of permitting the consumers themselves to remove the timber from the jungles in certain localities should be tried as an experiment; that details of the watching establishment maintained for the protection of Fuel Reserves should be furnished to enable Government to pass its final orders; and that after the receipt of a re-appropriation statement in proper form orders would be passed regarding the additional allotment required for Bangalore and Kolar Districts in order to realize the increased revenue provided in the Budget.
10	1561 Ft. 83	7	Ditto ...	Sanctioning the free grant of certain quantity of wood and bamboos for constructing certain village Police chavadis in the Arsikere Taluk, the cost of felling and removal being borne by the raiyats themselves, and the value of the wood and bamboos being adjusted in the manner laid down in the late Chief Commissioner's Proceedings No. 2146—R. F. 190-202, dated 11th September 1877.
11	1559 Ft. 84	7	Ditto ..	Sanctioning the free grant of 25 cart loads of unreserved wood and 12½ cart loads of bamboos for the construction of certain village Police chavadis in the Chikmagalur Taluk, the wood being cut and removed by the raiyats themselves from the Doddanagudda jungle, and the value being adjusted as laid down in the late Chief Commissioner's Proceedings No. 2146—R. F. 190-202, dated 11th September 1877.
12	1560 Ft. 85	7	Comptroller ..	Forwarding copy of letter C. No. 201, dated 31st July 1895, from the Inspector General of Forests, regarding the cost of menial establishment for the Sub-Assistant Conservator of Forests, Chitaldrug District.
13	1630 Ft. 87	8	Inspr.Gen.,Forests	Observing that some of the references referred to in the unanswered list as pending in the Inspector General's office in June 1895 are very old, and requesting that the Inspector General will be good enough to expedite their disposal.
14	1631 Ft. 88	8	Ditto ..	Suggesting, with regard to tents to be supplied to the Sub-Assistant Conservators of Forests, that if they could be made at a cheaper cost at the Central Jail, Bangalore, a sample may be ordered; and if they could not be made in the Jail tenders may be invited.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
15	1731 Ft. 89	9	Inspr.Gen. Forests.	Forwarding for compliance copy of letter No. 132, dated 30th July 1895, from the Registrar to the Inspector General of Prisons, asking for a supply of 1,000 cubic feet of teak, honné and blackwood for the use of the Central Jail, Bangalore, from the wood-yard at Mysore, and stating that the cost may be adjusted by means of book transaction.
16	1732 Ft. 90	9	Ditto ..	Observing, with certain remarks, that the Inspector General of Forests was right in pointing out to the Deputy Commissioner, Kolar that no free grants of wood and bamboos ought to have been made from State Forests to certain raiyats of the Kothapati village in the Srinivaspur Sub-Taluk to enable them to re-build their houses which were accidentally destroyed by fire, and that the Deputy Commissioner should be informed that no concessions or grants from State Forests should be made in anticipation of Government sanction.
17	1742 R.F.348-92-93	9	Inspr.Gen.of Police	Forwarding copy of the Military Secretary's letter No. 209, dated 31st July 1895, regarding the supply of clothing required for the staff of Police and Forest officials and officers employed in the State from the Military Stores, and requesting that he will favor the Government with such remarks as he may have to offer on the subject.
18	1743 R.F.348-92-3	9	Inspr Gen., Forests	Ditto ditto
19	1744 Ft. 94	10	Supt., Govt. Botanical Gardens.	Granting permission to the Superintendent, Government Botanical Gardens, to proceed to Hassan to assist the Deputy Commissioner in laying out a Park there.
20	1745 Ft. 95	10	Inspr. Gen., Forests	Returning the journal of occupation of Khedda Superintendent, Mr. K. Shamaiengar, for the fortnight ending 15th July last.
21	1746 Ft. 96	10	Compiler of Mysore Gazette.	Notifying the grant of six months' leave, on medical certificate, from the 20th August 1895, or from such other date as he may avail himself of the same, to Mr. G. E. Ricketts, Assistant Conservator of Forests in charge of Plantations, and the appointment of Mr. C. Appaiya, Assistant Conservator of Forests, attached to the Inspector General's office, to be in charge of the Plantation Department during the absence of Mr. G. E. Ricketts on leave or until further orders.
22	1747 Ft. 97	10	Inspr.Gen., Forests	Forwarding copy of the above.
23	1798 Ft. 98	13	Comptroller ...	Forwarding for note and return letter C. No. 257, dated 6th August 1895, from the Inspector General of Forests, stating that most

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				of the working charges bills have been already forwarded to the Comptroller, and that the remaining few will be forwarded to him soon.
24	1860 Ft. 100	13	Inspr.Gen., Forests	Recording letter C. No. 258, dated 6th August 1895, from the Inspector General of Forests stating that the two tables with the Closepet Ranger will be sold by public auction as they are reported to be unserviceable.
25	1861 Ft. 101	13	Ditto ..	Observing that Khedda Superintendent Mr. Shamaiengar ought not to have allowed certain private elephants to be mixed up with those that belonged to the Mysore Government, and that but for this mistake the Collector of Malabar would not have taken all the four elephants sold at Palghat in May 1894 to have belonged to the Mysore Government.
26	1862 Ft. 102	13	First Asst. Resdt.	Bringing to notice that out of the four elephants referred to in the Proceedings of the Madras Board of Revenue No. 3126 Miscellaneous, dated the 18th July 1894, only one belonged to the Mysore Government, and the Darbar had nothing to do with the other three which belonged to a private individual, and that as the net profits realized by the sale of the said three elephants amounted only to Rs. 94 no income tax was payable thereon.
27	1863-4 Ft. 103	14	Inspr. Gen., Forests and Comptr.	Sanctioning an imprest of Rs. 100 for Mr. Muttappa, Assistant Conservator of Forests on special duty to enable him to meet the contingent and other charges of his office.
28	1865-6 Ft. 104	14	Ditto ...	Approving of the proposal made by the Inspector General of Forests that the cost of the temporary establishment, amounting to Rs. 348 per annum, sanctioned for Mr. Muttappa, on sandal special duty, could be met from the savings under head B. "Establishment" in the current year's budget.
29	1867 Ft. 105	14	Dy. Comr., Kadur	Returning papers relating to the house rent of Rs. 50 allowed to Mr. Russell, Deputy Conservator of Forests, Kadur, which has since been abolished, and stating that any representation from Mr. Russell should be submitted through the Inspector General of Forests.
30	1868 Ft. 106	14	Compiler of Mysore Gazette.	Notifying that Mr. B. Ramaswami Iyer, District Forest officer, Kolar, was granted three days' casual leave with effect from the 29th July 1895.
31	1947 Ft. 107	15	Inspr.Gen.,Forests	Recording correspondence ending with letter No. 190—23, dated 8th August 1895, from the Inspector General of Forests, reporting that no Government papers or records were consumed by fire, but that certain articles

				belonging to Government were burnt along with the tent that was burnt down at Mudaktore near Talkad on the 9th July.
32	1946 Ft. 108	15	Comptroller ...	Forwarding, duly countersigned, the detailed contingent bills of the Palace Gardens and the Lal-Bagh, Bangalore, for July 1895.
33	1949 Ft. 110	16	Messrs. Higginbotham & Co., Bangalore.	Requesting Messrs. Higginbotham & Co. to furnish particulars for Rs. 10-14-0 shown in their bill of 10th July 1895 as "amount of account already rendered" *in re* the price of certain parts of "Natural History of Plants" supplied to the Superintendent, Government Botanical Gardens, Bangalore.
34	1950-1 Ft. 111	16	Comptr. and Dy. Comr., Kadur.	Sanctioning, and forwarding to the Comptroller for audit and adjustment, a refund bill for Rs. 13-12-0, being the amount of fine and seigniorage recovered from one Bairegauda of Harmakki, Madgere Taluk.
35	1952 Ft. 112	16	Dy. Comr. Kadur	With reference to statement of freshmen appointed in the Kadur District for the quarter ending 30th June 1895, drawing the attention of the Deputy Commissioner to Article 43 of the Mysore Service Regulations, and enquiring why a man Ranger's Mutsaddi at Lakvalli, aged 28 years, has been taken into service.
36	2157 Ft. 113	19	Inspr.Gen.,Forests.	Recording correspondence ending with letter No. 163—18, dated the 31st July 1895, from the Inspector General of Forests in Mysore, reporting that instructions have been issued to carry on the settlement of the fuel reserves in the Hunsur Taluk which have been selected by the Forest Department for the supply of fuel to the town of Hunsur.
37	2155-6 Ft. 114	21	Inspr.Gen.,Forests, and Comptr.	Sanctioning the purchase of certain furniture required for the use of the officer on special duty in connection with the preparation and weighment of sandalwood in the several Kothies in the Province, the cost, *viz.*, Rs. 60, being met from the provision of Rs. 8,800 under "III. (*d*) Sundries for the Inspector General's office."
38	2158 Ft. F. 1-95	21	Inspr.Gen.,Forests.	Requesting information as to the circumstances under which Mr. A. G. R. Theobold was first taken into service as Field Inspector of the Kheddas in 1889, and calling for papers relating to his services in the Madras Government to ascertain how his services were dispensed with in 1889, and how a pension of Rs. 50 was sanctioned to him in 1895 by the Madras Government.
39	2191 Ft. 116	21	Secy. to the Chief Comr. of Coorg.	Acknowledging receipt of three copies of the Coorg Forest Administration Report for 1893-94 forwarded with his letter No. 1377, dated the 12th August 1895.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
40	2192 Ft. 117	21	Inspr.Gen.,Forests	Forwarding a copy of the Coorg Forest Administration Report for 1893-94.
41	2189-90 Ft. 118	21	Comptr., and Supt. Govt. Gardens.	Requesting the Comptroller to pay certain firms through Messrs. Coutts and Co., London, the sums amounting in all to £75-16-8, the same being, met from the provision in the current years' Budget of the Lal-Bagh under the head "Purchase of English plants and seeds."
42	2269 Ft. 119	22	Inspr.Gen.,Forests	Requesting that the information called for *in re* timber supplied last year to the Palace be submitted as early as practicable, together with information regarding the timber subsequently supplied and stating that orders regarding the adjustment of the bills forwarded by the District Forest officer will be passed on receipt of the report called for above.
43	2270 Ft. 120	22	Palace Contr.	Forwarding copy of the above with reference to his Nos. 13 and 16, dated 31st July and 12th August 1895.
44	2271 Ft. 121	22	Comptroller ...	Forwarding copy of the above for information.
45	2272 Ft. 122	22	Dy. Comr.,Shimoga	Observing that in the statement of remission of land revenue on account of damage done to crops by wild elephants in the Shimoga Taluk submitted by the Deputy Commissioner one of the raiyats claims both remission of kandayam and compensation; and requesting settlement of the question of compensation including kandayam and submission of a full report through the Inspector General of Forests, and that as the Khedda Department has to bear these charges the arrears of kandayam due by the raiyats may be held in abeyance till the amount is paid to the Revenue Department.
46	2391 Ft. 124	27	Messrs. Higginbotham & Co., Bangalore.	Forwarding Rs. 10-8-0 in adjustment of their bill on account of Kerner and Oliver's Natural History of Plants, Parts 10 to 13, supplied to the Superintendent, Government Botanical Gardens.
47	2393 R. F. 348-92.3	27	Military Secy. ..	Ditto for compliance, copy of letter No. 780—61, dated 20th August 1895, from the Inspector General of Police in Mysore, requesting to be furnished with a statement showing the average annual cost of clothing and accoutrements issued from the Military Stores to the officers of the grade of Resaldars downwards and to the men of Silahdar and Barr Forces, with samples and rates at which they are made up and supplied.
48	2392 Ft. 125	28	First Asst. to the Resdt.	Ditto two bills with 7 vouchers amounting to Rs. 632-11-6, being the charges incurred for maintaining and transporting a female elephant supplied to the Godavari Agency, and

PUBLIC WORKS.

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR AUGUST 1895.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	719—3932	1	Supt., Govt. Press	Forwarding the Sanitary Works Budget estimate for 1895-96 with a request to have fifty copies of the same printed and supplied to this office at an early date.
2	719½—3943	1	Examr., P. W. A.	Forwarding copy of a letter from the First Assistant to the Resident in Mysore conveying the sanction of the Government of India to the employment by the Darbar of Mr. H. D. Rice, as, Sub-Assistant Engineer in the Public Works Department, on a salary of Rs. 150 a month.
3	720-22 3947-49	1	Comptr., Examr., P. W. A., Exec. Engr., Bangalore.	Intimating sanction of Government to the outlay of Rs. 3,320 incurred during 1894-95, in excess of the Palace Budget Grant of Rs. 12,000 on account of the several works having been pushed on to completion, and authorizing the Comptroller and the Examiner, P. W. Accounts, to accept the same in the accounts of that year.
4	723—3950	1	Dy. Comr., Mysore	Stating that Government approve of the acreage rate of Rs. 25 for the 3,176 acres of dry lands in holding under Saligram Channel for which Mutchalikas are said to have been executed by the raiyats, and requesting him to obtain similar Mutchalikas for the 450 acres of dry lands in Inam villages to which no water will be supplied without the previous payment of the acreage contribution.
5	724—3951	1	Exec. Engr., Alalkatte Channel Dn.	Communicating the above with orders that a list and map showing the 460 acres of Government dry waste land should be prepared and submitted at once as they are required by Government to make over part of the land on valuation for certain Palace purposes.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
7	728—3958	2	Secy., Kolar Gold Fields Mining Board.	Inquiring what contribution the Mining Companies are prepared to give towards the construction of a European cemetry for the Kolar Gold Fields; and urging that it is desirable that the work should not be postponed any longer owing to the large increase in the European population there of late years.
8	729—3966	2	Dy. Comr., Bangalore.	Inquiring whether the Reading Room now located in the District office building cannot be removed elsewhere as Government cannot recognize its being always in this building, which is now found insufficient for the immediate requirements of the District office.
9	730—3968	2	First Asst. Resdt.	Informing that the Darbar would prefer to undertake themselves the repair of the channel from the Nagarhalla in Mysore territory inasmuch as 140 acres of Inam wet lands in the Sorab Taluk depend on the supply which passes down the first 3½ miles of this channel in Mysore limits, and these rice and garden lands have, it is believed, the first claim on the Nagarhalli dam and the channel drawn therefrom; and that a project for the work will be prepared and submitted through the Residency to the Bombay Government who it is presumed will consent to share the cost of the work in proportion.
10	732—3976	3	M. Saldanha, late temporary Sub-Overseer.	Stating that Government decline to interfere with the dismissal order passed by the Chief Engineer.
